## *HILLTOPPER*

## ***JUST DO IT!***

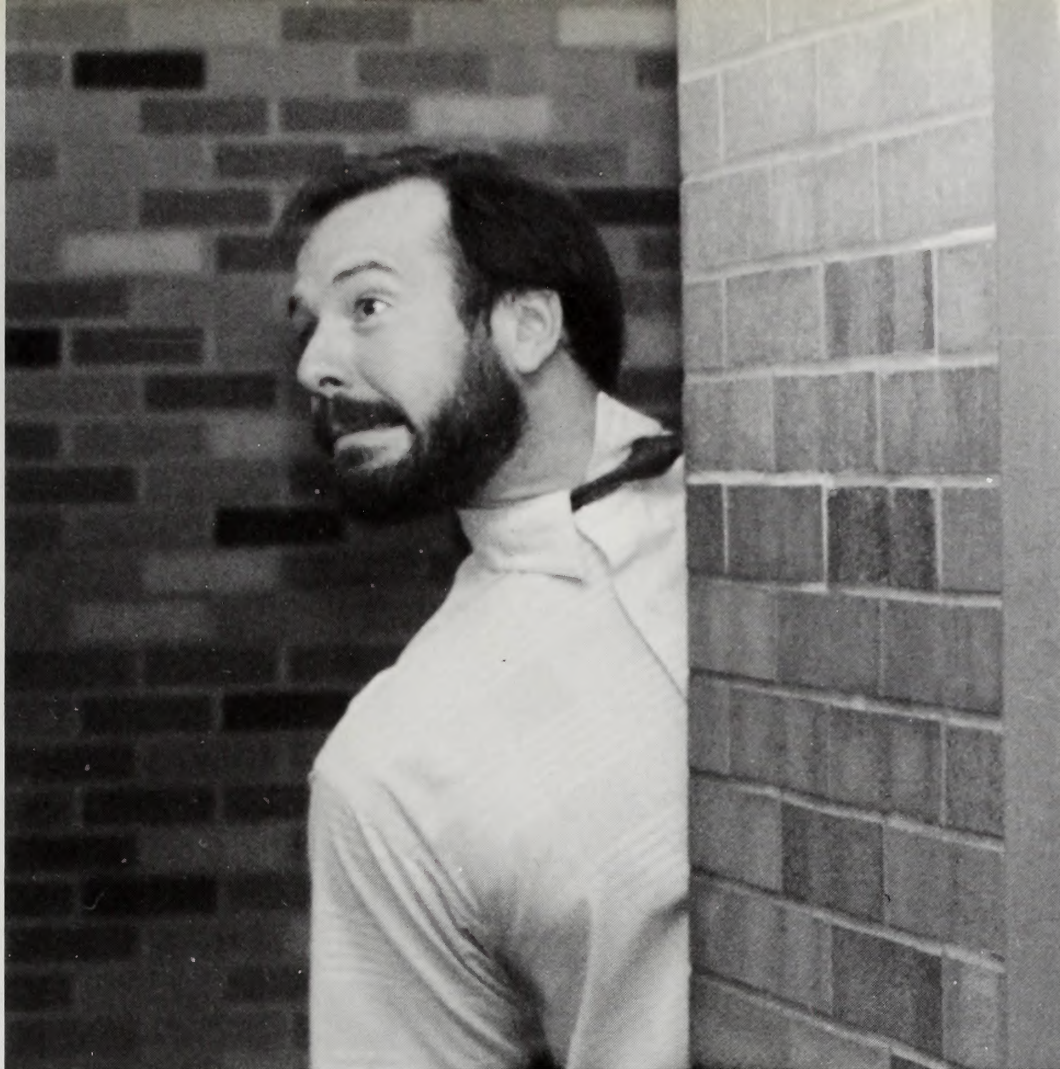

Rather than not doing whatever it is that needs to be done, "just do it" is the phrase that guides. Rather than not studying, students just do it. Rather than not participating in sports, students just do it. Students just eat rather than not doing it; and rather than not joining activities, students just do it. Rather than not graduating, students just do it.

The faculty and staff "just do it" also. They teach, assess, console, relate, and communicate; they test; they snack; they cheer; they sponsor and they advise.

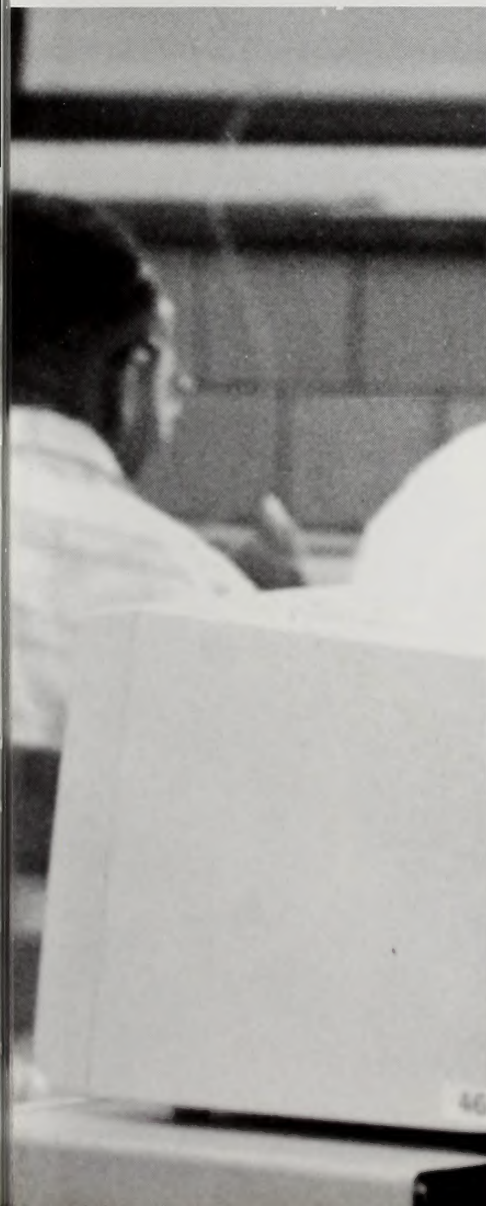

Opposite Page Left: Kristi Coyle can't resist the urge to just use the phone.

Opposite Page Top Right: Matt Rainey is "just doing the weird thing" in the hallway.

Opposite Page Bottom: Jesse Schmidt has a look of confusion as he tries to figure out just how to do it.

Left: Mr. Dressler is being hanged by a student "just doing it" with Mr. Dressler's tie.

Below: Hoards of students are caught "just doing it" during a springtime fire drill.

## JUST DO IT!

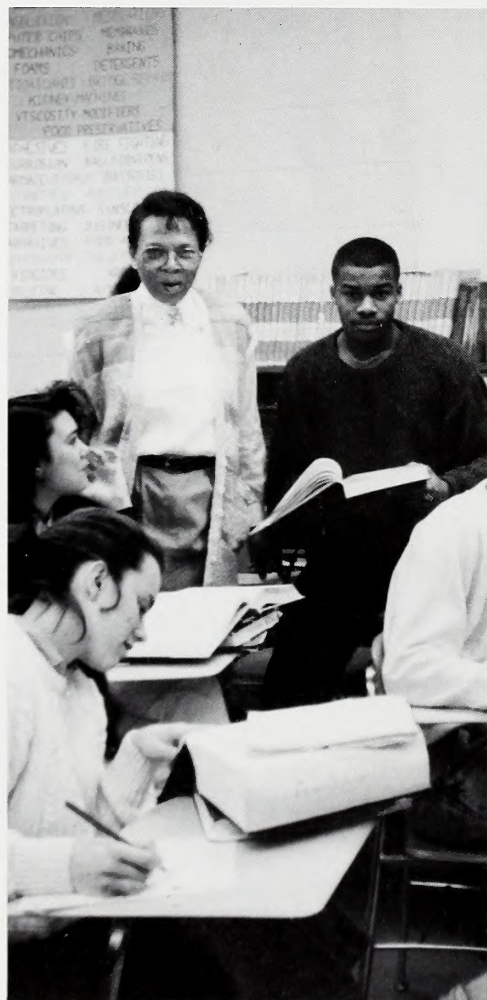

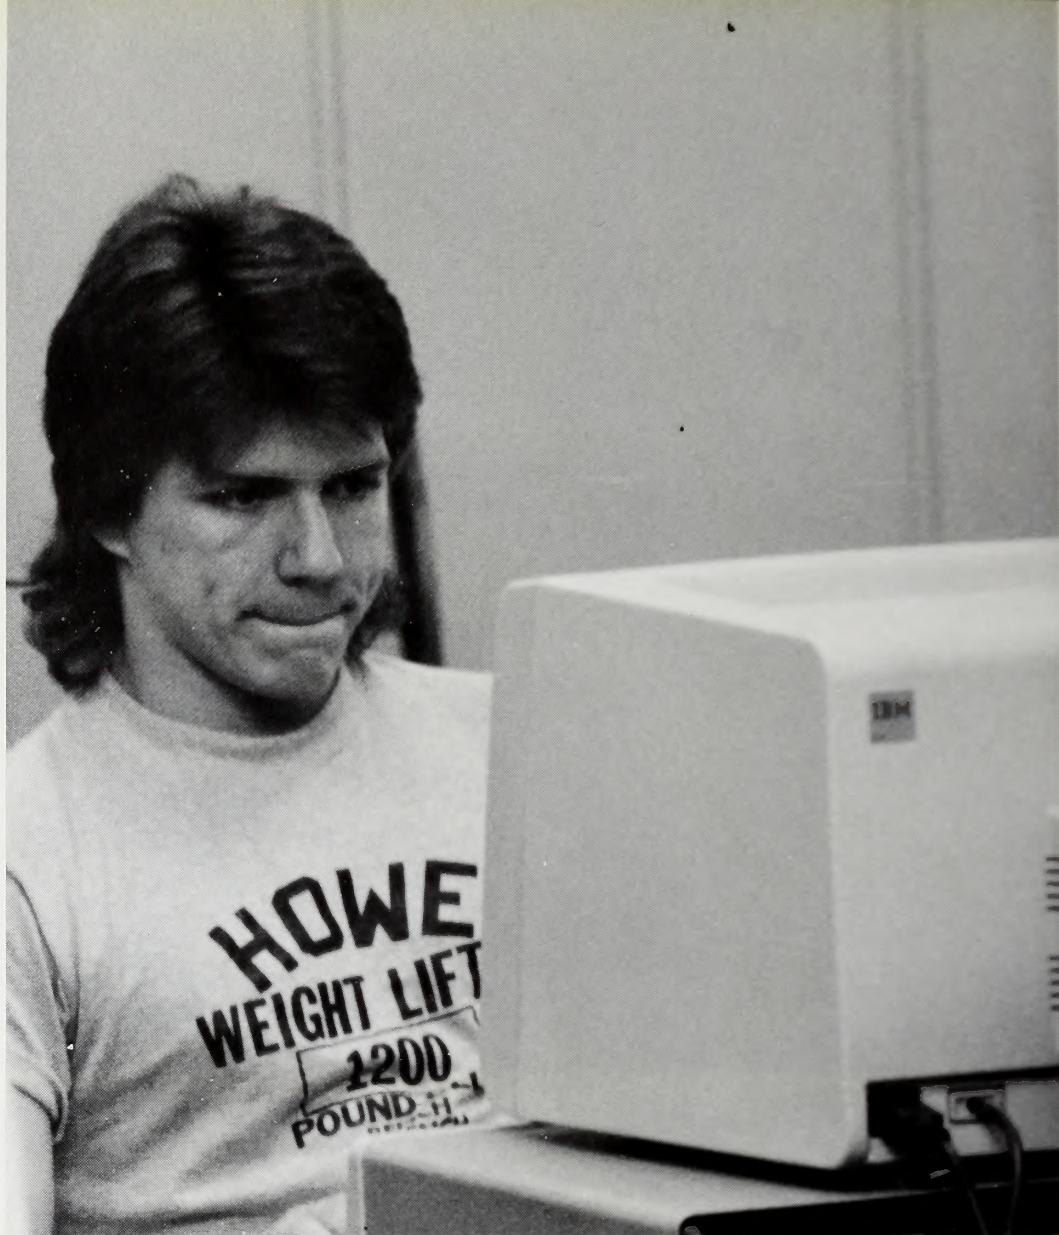

Right: John Burton takes time out from weight lifting to get some education in the computer lab.

Bottom Left: Mrs. Evelyn Keaton helps her class just do it in chemistry. Brian Ligon assists in the process.

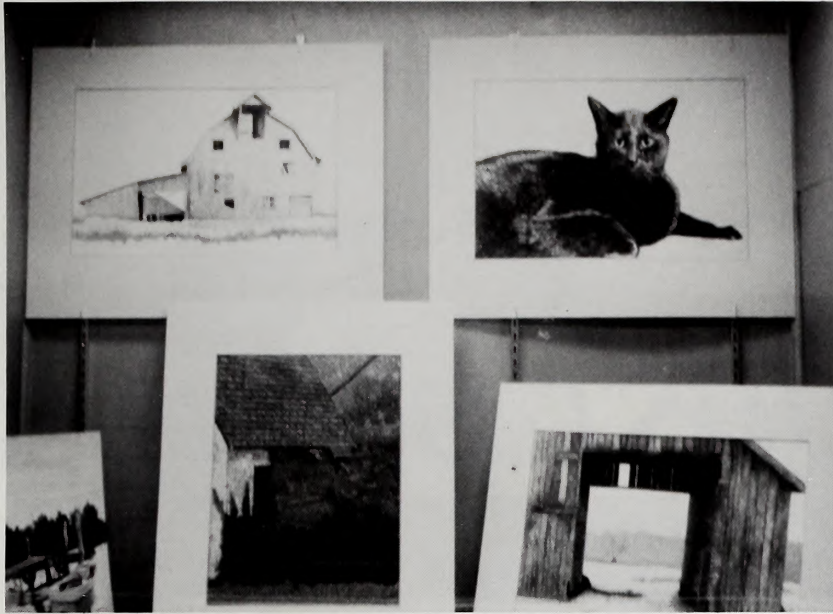

Bottom Right: A few students just imitate Mr. Vespo's silent laugh.

Opposite Page Top Left: Just do it! — students just do it in ink drawings.

Opposite Page Top Right: Behind stage, Clara Winslow just does what is necessary to prepare herself for the musical.

Above Middle: Just do it! — however, if you are drilling in the JROTC, you must wait for the proper signal first.

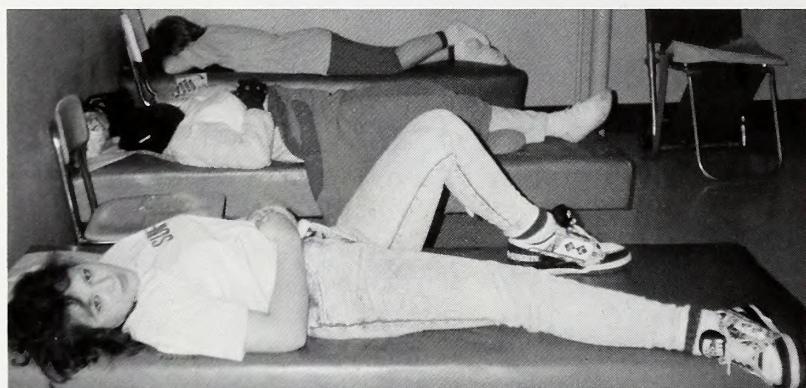

Left: Just doing what students do before the start of the musical are Becky Starr, Chris Whaley, and Jacintha Malone. It really might be less trouble on the nerves to be just doing something else at this moment.

Below Left: John Moenius and Dave Carlyle "pop a squat" on the bench during a baseball game.

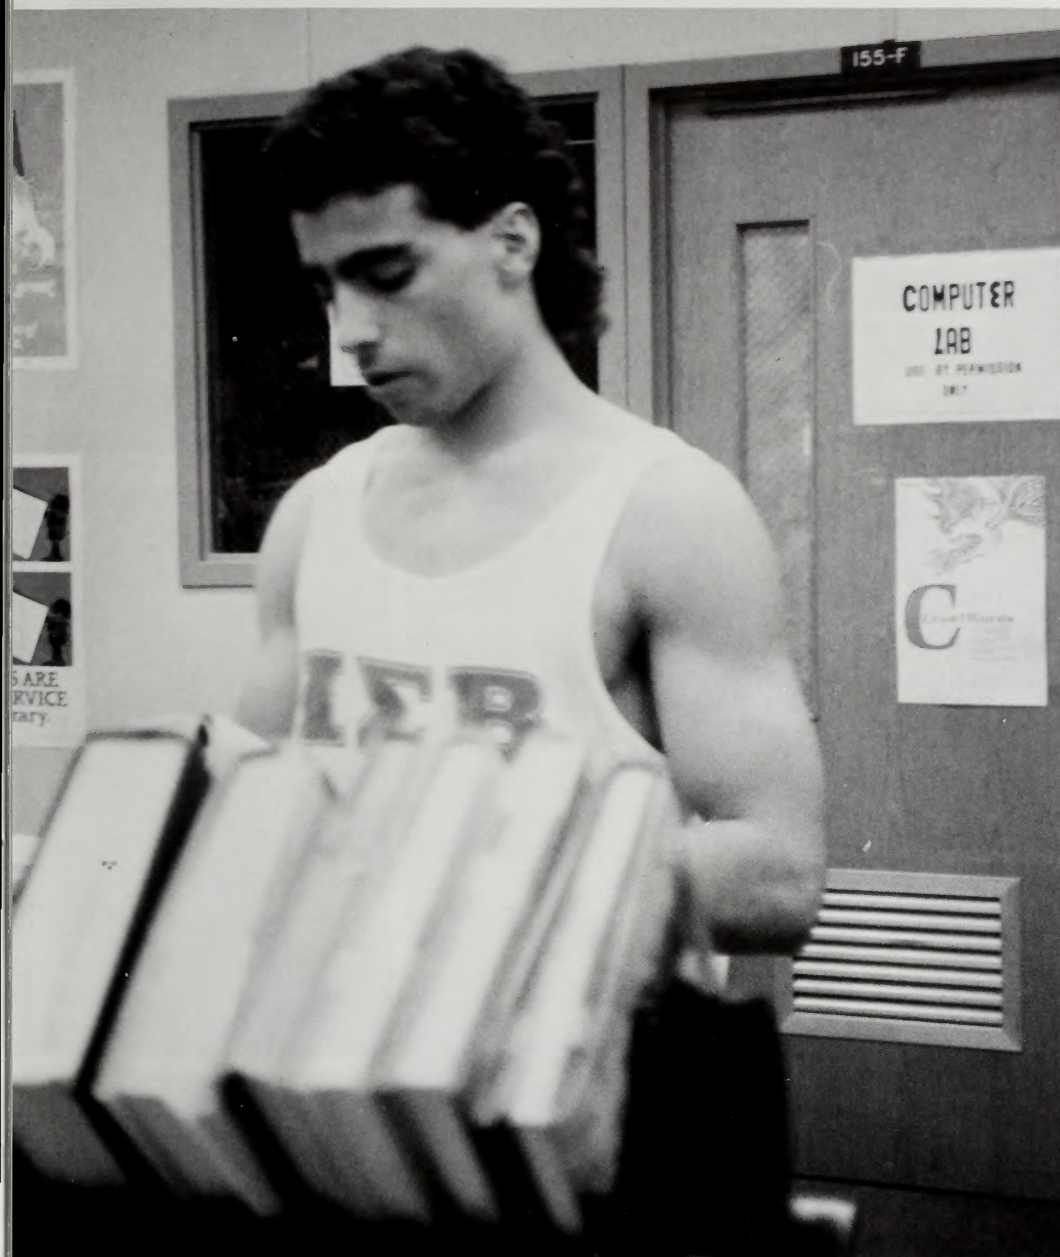

Below Right: Howe fans thought that baseball was a spring and summer sport. Luckily, they had a blanket available for this unseasonable weather.

# *JUST DO IT!*

## *Just Do It!*

Opposite Page Middle Left: Cindy Martin would go to class if she felt well, but she finds it necessary just to rest in the nurse's office this day.

Opposite Page Bottom Left: Mr. Charles Walter's algebra class works diligently together just to get their assignments finished.

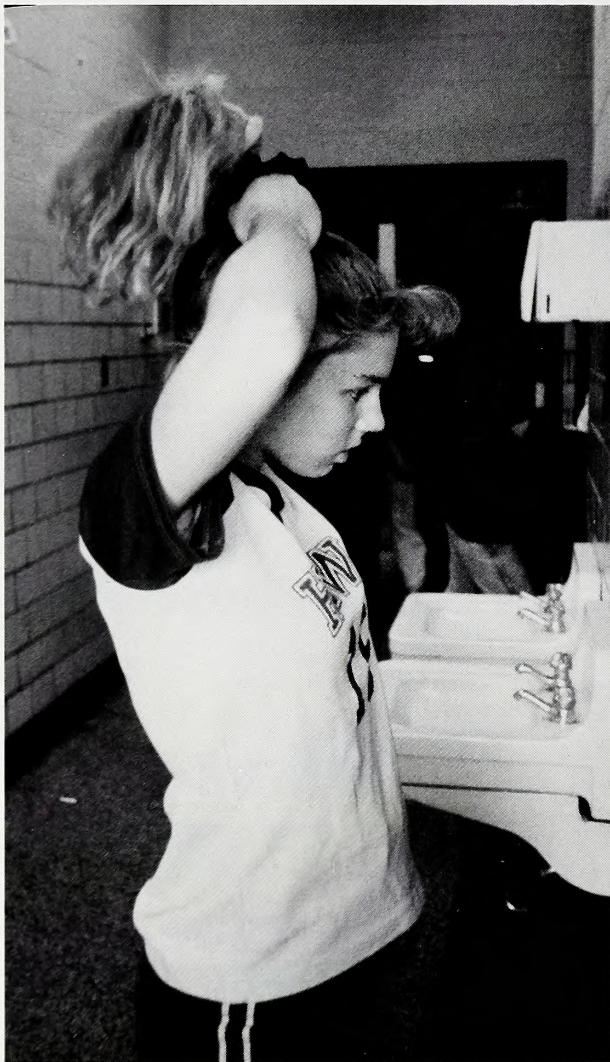

Opposite Page Bottom Right: Damon Zaphiriou adds to the decor of the school as he paints a muscled bee on the dry wall in the lobby.

Top Left: The media center provides a place for Bobby Brunke just to get knowledge into his head.

Top Right: After school, Andre Donaldson just goes to work. Handling the money is Andre's favorite task on the job at Osco.

Left: Mr. Robert Berry just allows the nurse to draw blood for a Home Economics' class project to determine cholesterol levels. He also just wants the nurse to hit a vein — "Please."

Top Middle: Melissa Jackson, Kowalski Martin, and Aaron Montgomery just try to beautify the school by covering the wall, set in place for the auditorium renovations.

Below: Danielle Vertner, captain, (center back) just tries to organize the JROTC Girls Drill Team for an after-school practice.

Top Left: Students just pose for the camera, always looking for a "photo opportunity."

Above: Amy Moore just does her hair to prepare for a softball game.

## JUST DO IT!

Far Left Middle: Stacie Armstrong, while waiting for after-school activities, just studies.

Left: After school, Jayna Green, hyped up and ready to go, prepares to just do it on the tennis court.

Below: With the help of student teacher, Miss Teresa Williams, Thespians and friends just go over lines for a one-act play.

# JUST DO IT!

Far Right: Mrs. Leffler's headcold is not, in this particular case, what caused her nose to be large.

Right: Just doing his make-up for the summer musical is Jason Cox.

Middle Right: Editor Betsy Deeter just does it for the yearbook.

Middle Left: A professional artist just does it for an art class.

Left: The Girls Powder Puff team had a good time just doing "their thing."

Above Left: The wall just did it — it came tumbling down. Jeff Redmon checks the damage.

Above Right: This cat was just "the cat's pajamas" on Halloween.

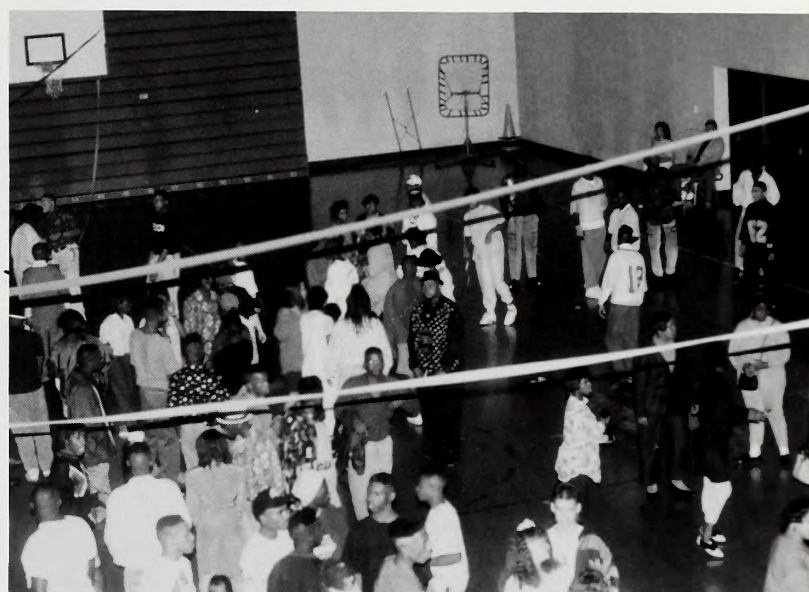

Left: Students just eat at lunch.

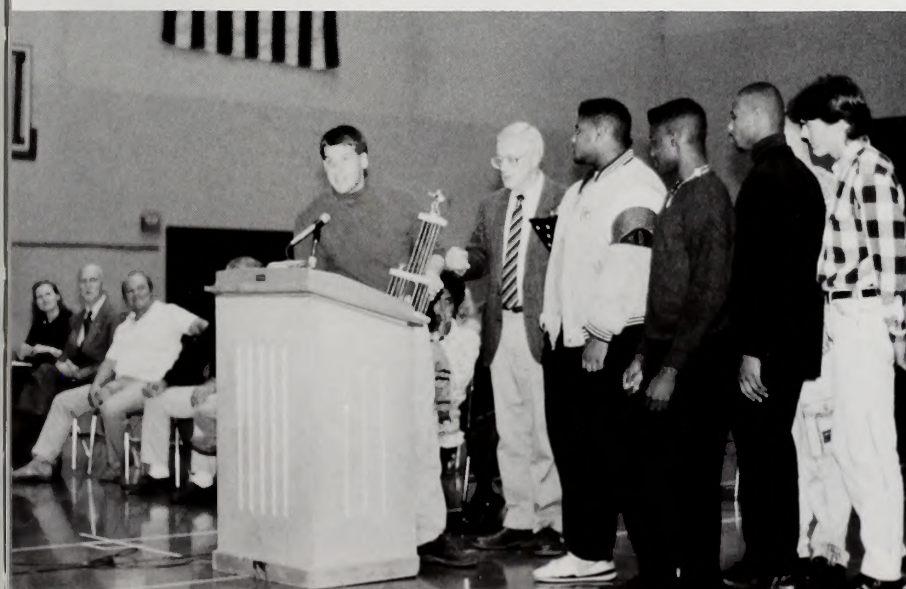

Middle Left: Principal Frank Tout welcomes Senator Lugar to Howe.

Middle Right: Students just dance after sports events.

Bottom Left: Students just accept honors at the Sports Banquet.

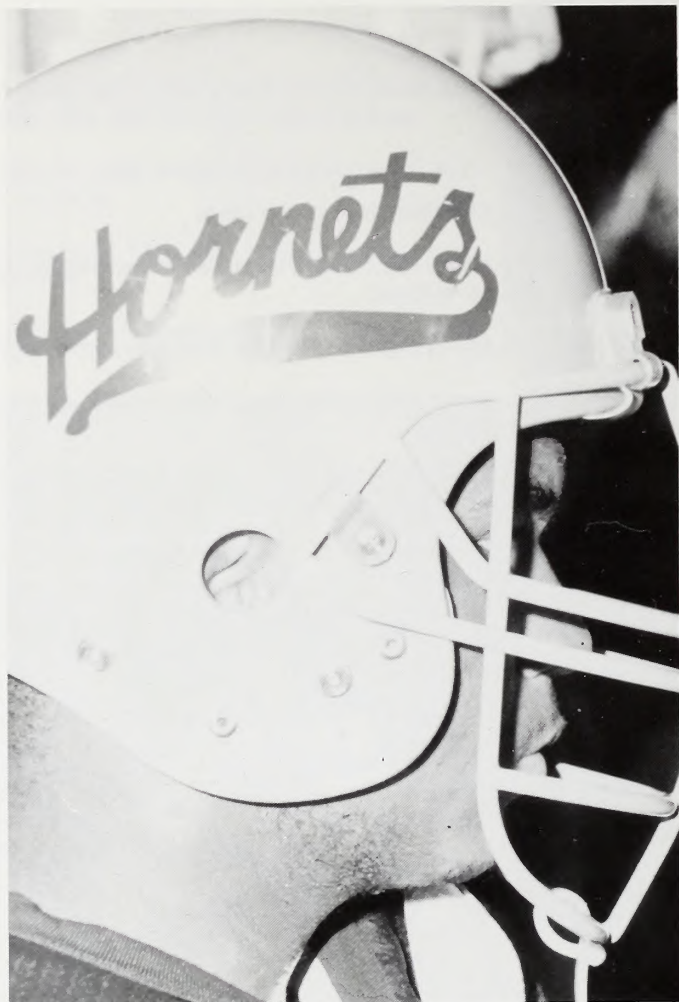

Above: Children in Home Economics "Play School" just celebrate Halloween.

# ART

Aristotle said, "One could imitate things as they ought to be," and that, "Art partly completes what nature cannot bring to a finish."

It is believed that art is a form of communication; it expresses thoughts in a way words cannot. The teachers at Howe help students mature their ideas into beautiful works of art.

At the start of the new year, Howe offered two new courses to this process — Ceramics, where students were able to create in the medium of clay, and Art Appreciation, where students could study the brilliant artists of the past and present.

Beyond the classroom, as usual, students this year had the opportunity to participate in all of the art contests sanctioned by the department.

Jeff Lawrence

Above: This art by Damon Zaphiriou won first place in last spring's art contest.

Top: With pen and ink, Gary Piersall draws people playing basketball.

Middle Left: The wrecked, abandoned boat drawing was entered in a contest by Wendie Storm.

Opposite Page Middle Right: Tommy Martin enjoys his art class.

Opposite Page Bottom: Keith Conrad and Demond Harris get some help in clay from Mrs. Denny-Rohrbach.

Top Left: Mrs. Denny-Rohrbach finished her internship at Howe last year. Before that, she taught in Queens College in New York and in New Palestine. She has been involved in many foreign and city art projects. She now serves Howe's Art Department with enthusiasm.

Top Right: Shawn Quick draws for printmaking, a process which involves film and the transfer of a design.

Above: With bare hands, Robert Turnley creates a pot from clay.

## No Skills — No Frills

Have you walked through the halls and heard the humming of machines or the clicking of computer keys? You probably had entered the Business Education Department, headed by Mrs. McNeish.

There are a variety of classes offered, each of which teaches and perfects numerous business skills to prepare students for jobs in the business world.

Keyboarding classes are essential in providing students the skills with which to become proficient on a computer. Business Math can be earned as math credit for graduation requirement. Other business courses offer students unlimited possibilities for employment.

Howe also offers a great learning experience with on-the-job training in programs like Cooperative Office Education (COE), headed by Mrs. Perry, and Marketing Education (ME), headed by Mrs. Bareford.

Students receive the chance to earn money, credits, and experience in an office or retail atmosphere. So learn and earn along the way. Remember . . . no skills, no frills!!!!

Mrs. Yvonne Perry

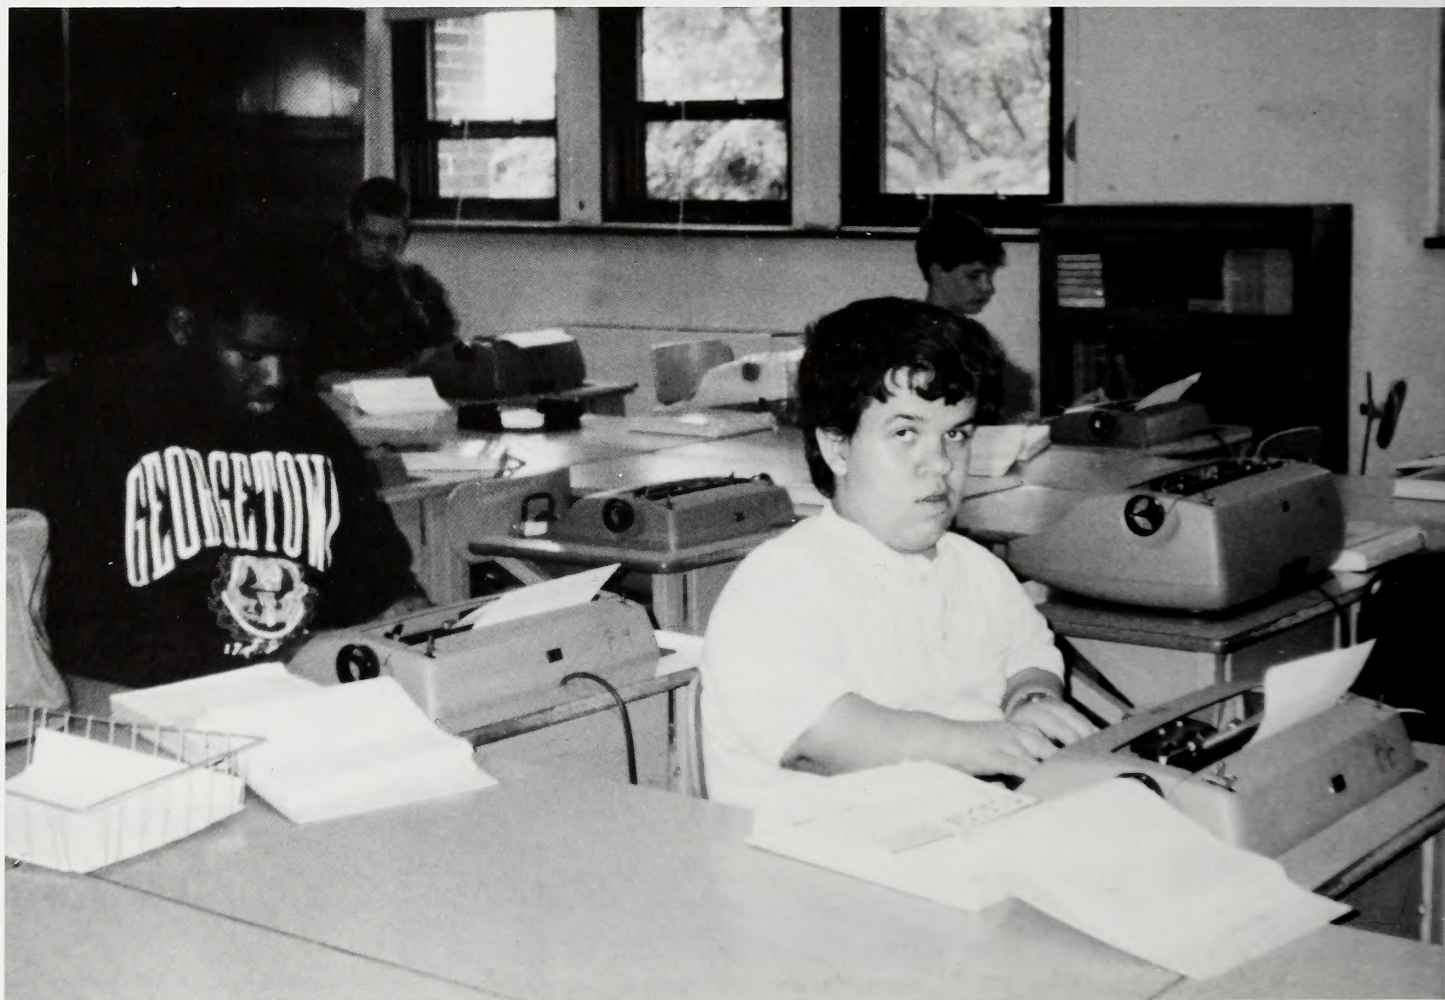

Top Left: "What? I have to cut my nails?" questions Becky Sexton of her typing teacher.

Top Right: Face to face with an evil computer, Hari Desai tries the "stare down method" of computer experience.

Bottom: Al Lefeber demonstrates the proper finger positions for professional typewriter use.

# English

The following are comments made by several English teachers when asked about their classes and students.

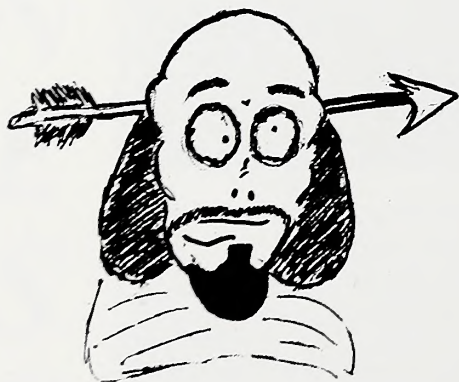

"This year the students at Howe High School seem to be much quieter, but their attention span is the same," said English teacher, Mrs. Singh, when asked what she thought was different about students this year compared to students from previous years. Mrs. Singh also stated that students who need help are welcome to come to her for any extra help they might need.

Miss Bancroft commented that getting to class on time is more important to students this year than any previous year. When asked how students respond towards the ISTEP, Miss Bancroft replied, "Seniors don't take the ISTEP very seriously, but they do take their grades seriously."

Mr. Ervin, Department Chairman, commented, "Seniors don't see the value of the ISTEP." When asked what he thought students think about school, Mr. Ervin replied that he thought maybe they think their social life is more important.

Mrs. Singh summed up what most English teachers probably feel, that teachers and students should be more cheerful and pleasant "since we're only here for a short time."

Opposite Page Top: Becky Sexton, standing, looks over Tammy Chaney's shoulder checking her persuasive essay.

Top Right: Tanya Lee seems stunned after finishing her grammar while Ralph Lake rests with his book closed.

Above: Shannon Tolin and other classmates work hard to make their grades.

Left: Shawn Bradburn and Tasha McKinstry think and write for an essay assignment. In the back, Wray King, Tenaya Foster, and Tamika Johnson keep busy too.

Above: Deborah Kinney sweats over a topic dealing with what she would do if she had only three days to hear or to walk.

Above: Anita Enz and Elizabeth Deeter listen to Mr. Vespo's instructions for homework.

Below: Clara Winslow questions Kristin Woodard's comment in French.

Above: Rob Hildebrandt and Kevin Spargur join Mr. Vespo in the "famous Vespo" laugh.

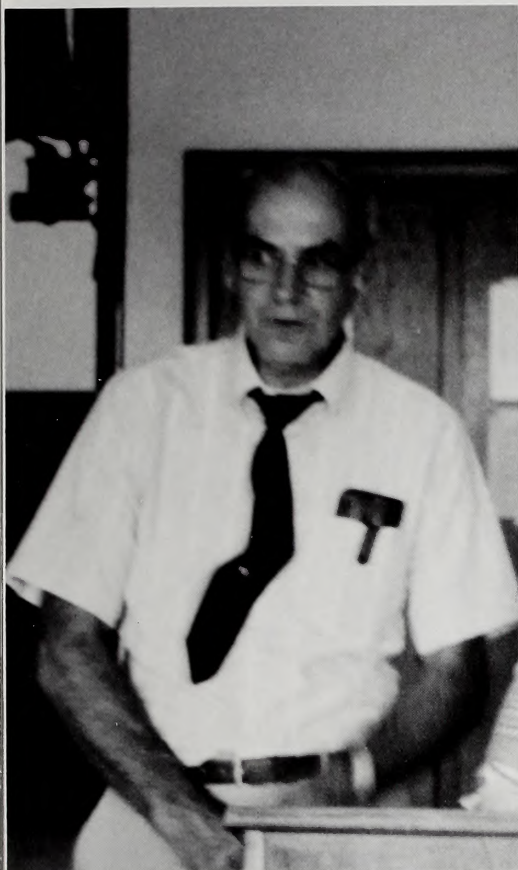

Opposite Page Top Left: Mr. Stanley explains to the Spanish 5G class regulations for a trip to Mexico this spring.

Opposite Page Top Right: Mrs. George's student teacher Mr. Richard Reed tries to take attendance while Kim Mertz snaps a picture of the class.

Opposite Page Bottom: Rosie Deal, Robert McBurnie, Lisa Urich, and Angie Moore enjoy themselves before the start of a French class.

## FOREIGN LANGUAGE

The Foreign Language Department consists of four different languages — French, German, Latin, and Spanish. There are a lot of great things related to taking a foreign language. One of these is being in the French Club. The French Club meets usually every Tuesday and is sponsored by Mrs. Jody George. French Club students get to choose a French restaurant and go out to dinner there.

Knowing a foreign language can help you in life; for example, if someday you want to take a vacation somewhere besides California or Florida, maybe somewhere out of the United States such as Germany or France, it would make it a lot easier for you to be able to speak the language.

In mid-September students compete with other students in the state to get a chance to go out of the United States to a foreign country. The prize is a trip for seven weeks in the summer. Students competing are juniors and in their third year of a foreign language class.

Students should try a foreign language class; they are wonderful!

Marianne Hickrod

## Deans

Mr. Robert Berry once again "just did it" as acting Vice-Principal and Director of Guidance. While he was covering for Vice-Principal, Mr. Bruce Beck, who worked on special assignment at the education building, Mr. David Smartz took over as acting Guidance Director.

And where was Mr. Don Austin? Mr. Austin became Director of Guidance at Arlington High. Not only was he missed by students and teachers but also his time here was greatly appreciated. Because of an extended absence, another from this department who has been missed a great deal by students and teachers was Dean of Girls Mrs. Margaret Benson.

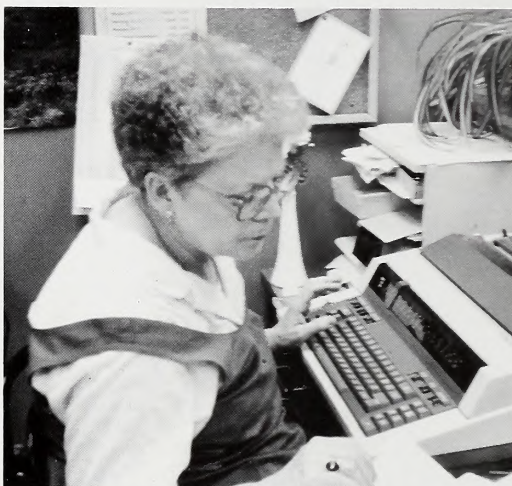

We have the same counselors as we do every year, but that's all right because then we don't have to get used to new counselors each year. It's great to keep the same year after year because, when you have the same counselor, that person becomes your friend instead of just being your counselor.

### Marianne Hickrod

Top: Mrs. Stella Vandivier, escorted by her husband, takes a break from counseling duties to chaperon the prom.

Middle Left: Mrs. Bea Adams, secretarial assistant to the counselors, works hard to keep up with all her paper work in Room 45.

Middle Right: Dean of Girls Mrs. Margaret Benson arrived at Howe as the school's first Assistant Dean of Girls in 1969. In 1974 she assumed the full duties of Dean of Girls. Her absence this year has caused the department, teachers, and students to notice especially and appreciate her contribution to the school.

# COUNSELORS

Opposite Page Bottom: Counselors do more than counsel; Mrs. Sandra Petty also coaches Girls Track Team.

Left: Mrs. Mattie Ballow smiles disarmingly before she assigns a conference.

Above: Mr. David Smartz, acting Guidance Director during reassignments, yawns as he tries to keep up with his new assignment.

Bottom Left: Mrs. Stella Vandivier smiles in spite of the amount of work she has to do while covering for so many counselors who have been reassigned for a while or who are ill.

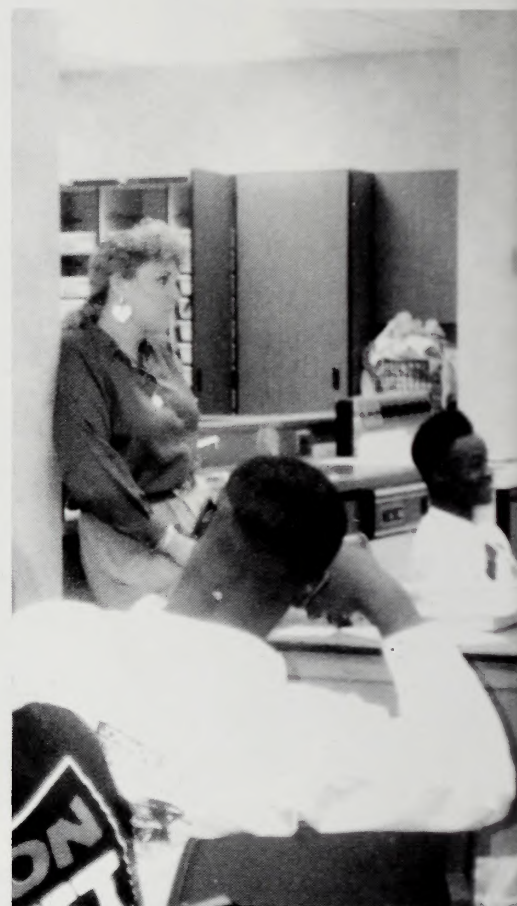

Bottom Right; Mr. and Mrs. David Smartz chaperon the prom. Do you think they got a chance to dance?

## *Home Economics*

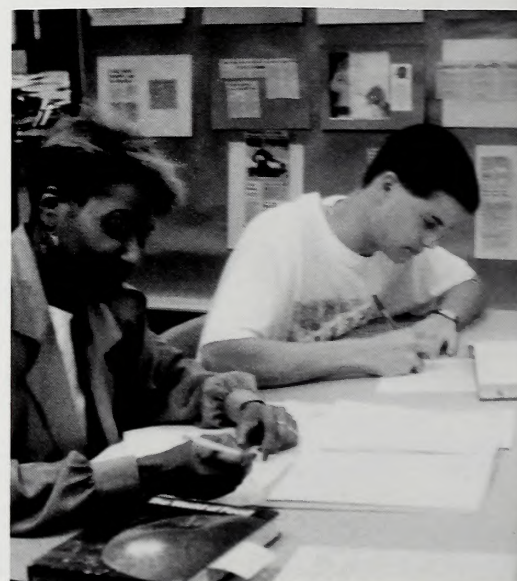

Top Left: Gourmet chef Amy Moore carefully prepares a wholesome but delicious snack.

Top Right: Mrs. Shelly Keller and her Foods III class are caught "just hanging out."

Above: Home Economics isn't just for grubbing; it's also for sewing. Some students sew while others merely thread needles.

Right: Blending into the background, Miss Treva Carroll studies "teacher things" while David Gut works on "student stuff."

This year in Child Care, the students brought three and four year olds to school and had a day care. The three and four year olds loved it! One child indicated that he likes being with children his own age. But most of all, he said, "I love Miss Gaither."

This class gave students time to experience parenthood without actually being parents. It is, moreover, something parents — students — and three year olds can enjoy.

Christina Smith

Top: Miss Treva Carroll's home economics class often cooks together and sometimes sews together, but here we catch them studying together.

Left: Whistling while she works, Charla Collins takes pride in her work.

Above: With a macho stance and a manly glare, Derrick Jones puts on an apron for a hard day's work in the kitchen.

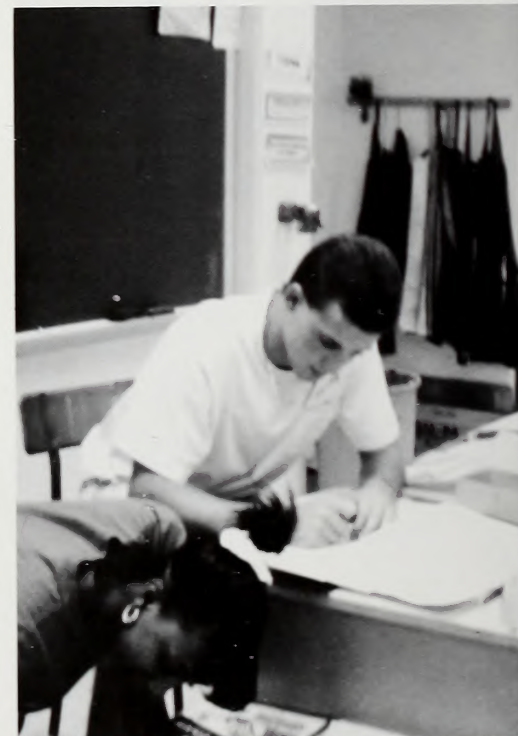

Above: During Mr. Hester's egg drop project, Larry Carter climbs higher to get his full 100 points.

Right: Pushing hard for those A's, Joe Lepper (front) and Richard Woolery (back) work on getting their assignments in on time.

Far Right: In Mr. Miller's mini class, Chris Irvin and Sonja Watson work on finishing their silkscreen design.

## *Industrial Technology*

The Industrial Technology Department got off to a great start this year at Howe!

All the teachers' faces were familiar ones this year. Mr. Miller, department head, enjoyed his new position after coming to Howe from a long tenure at Forest Manor School. Mr. Hester continued his career at Howe for the eighth year, and Mr. Taflinger's fourth year at Howe qualified him to graduate again.

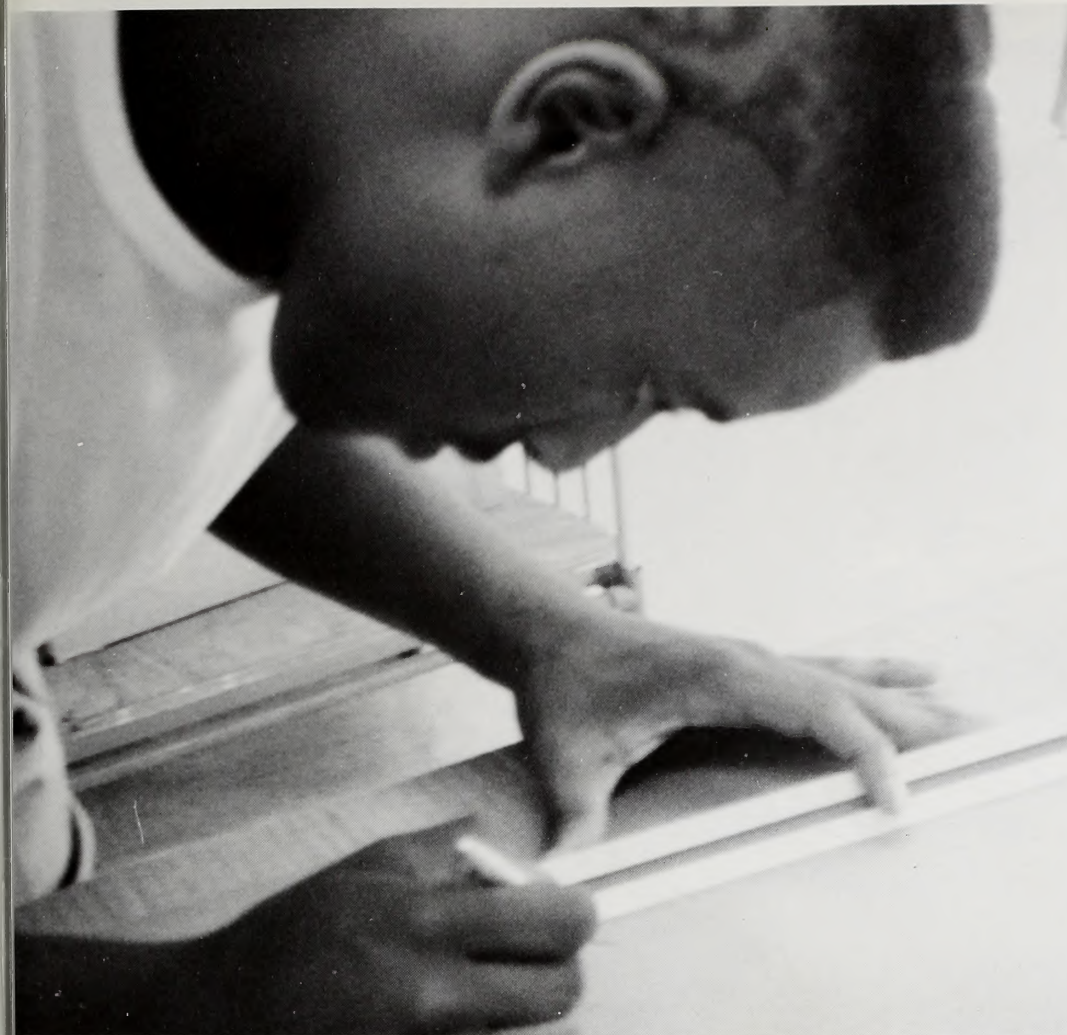

Due to popular demand, a class in Mechanical Drawing was added to the previous course offerings, and students took classes in Community Planning, Graphic Communications, Electronic Communications, Constructing Structures, Manufacturing, Transportation, Transportation Planning and Design, and Construction Planning and Design.

A very popular experience in the area were the mini classes in Silk-Screening taught by Mr. Hester and Mr. Miller which allowed students to print designs of their own choosing on paper or t-shirts.

Students enjoyed varied activities, ranging from building model homes to mass production of products in the manufacturing lab.

Mr. Steve Taflinger

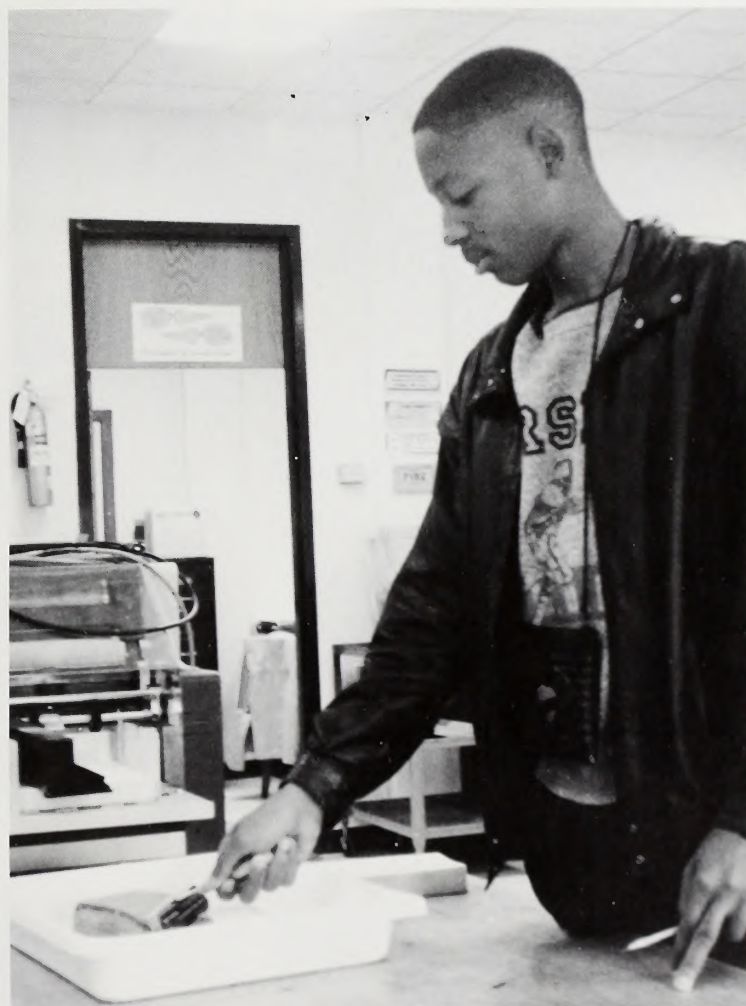

Left: Looking as professional as ever, Benjamin Lee prepares his silkscreen.

Bottom Left: Tosha McKinstry and Denise Vanduyn have just enough time to print their silkscreen design during Mr. Miller's mini period.

Below: Just "messin' around," Ahmed Maiss tries to make the period go a little faster.

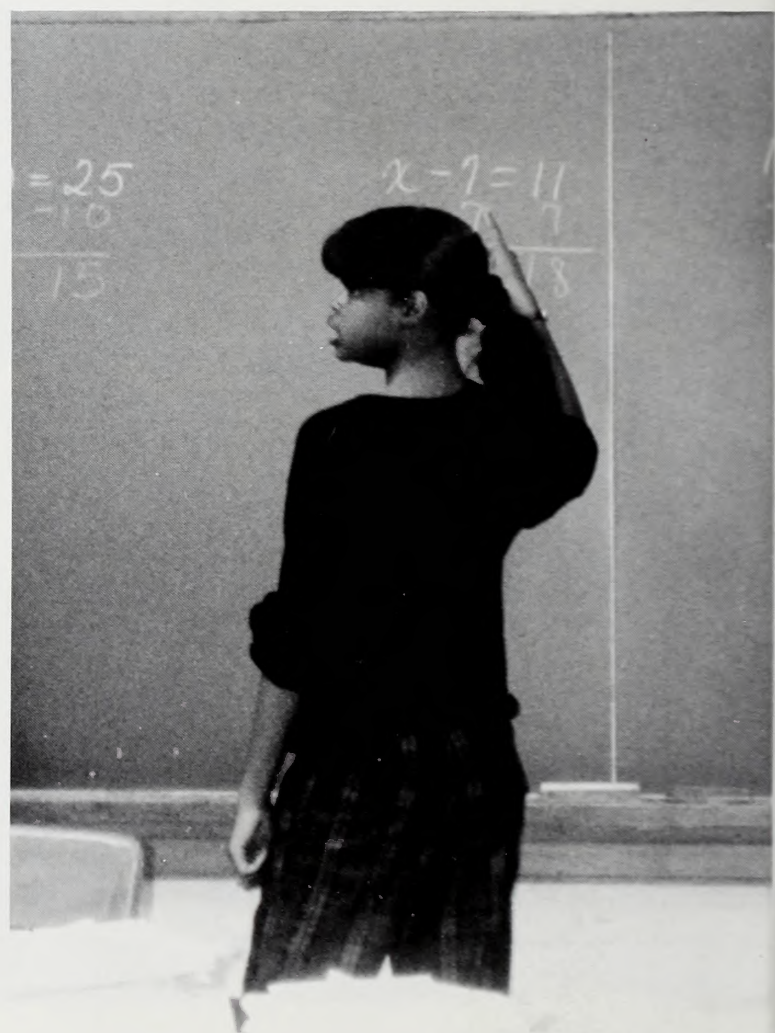

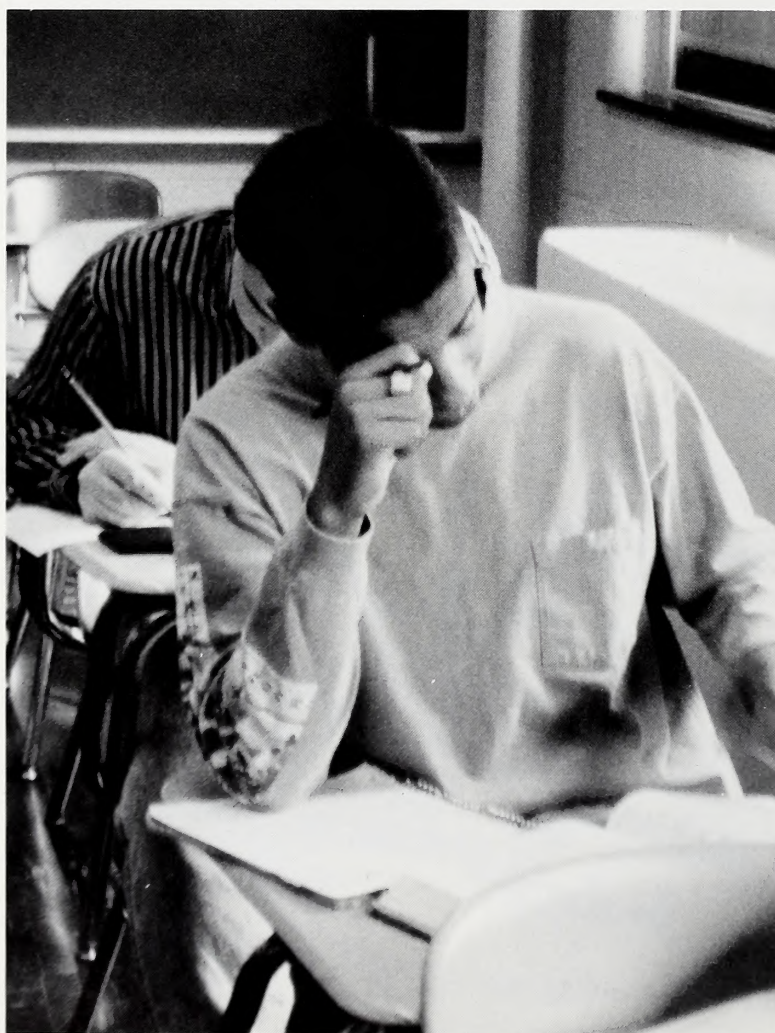

Right: Mrs. Martha Diggle moves around the room to assist her algebra students.

Bottom Left: Bennie Wagers takes his math assignment seriously.

Bottom Right: Jasmine Potts awaits Mrs. Freeman's approval of her board work.

# MATH

Math teacher Ms. Alice Purvis made the following comments about the Math Department:

This year teachers are trying to push students to stay after school for help when they know they need it. There are activity buses that students can ride home if transportation is a problem. "After school, the student may benefit by an explanation that seems different from or clearer than a teacher who is or is not his regular teacher."

Teachers can't teach everything students need to learn in one hour; they try, however, to do some different things like taking students to the computer lab instead of doing worksheets because these drills help them to learn more in the same amount of time.

Howe also has ISTEP classes to help students score higher on the state test. Teachers want students to improve on all of their test scores. The City Tests are a concern also for math teachers.

Teachers have an interest in making students responsible and responsive. Teachers can teach students, but getting students to participate in the learning process is often a problem.

Every year the Math Department wants to improve and this year is no exception.

# MEDIA

Hi! If any of you have been in the Media Center in the last three years, you must have seen me. I'm always there!

It has been my pleasure to serve the students of Howe High School. I work in the Media Center, and consequently, by now, I know the Dewey Decimal System forward and backward. If it is a book you need to find, I'll not be far behind.

See you in the Media Center.

# *PHYSICAL EDUCATION*

# P.E.

The Physical Education Department emphasizes total fitness for life, with daily routines being followed in each class which helps the student develop at his own rate. Performance of the President's Physical Fitness Tests will be an integral part of the spring semester testing format.

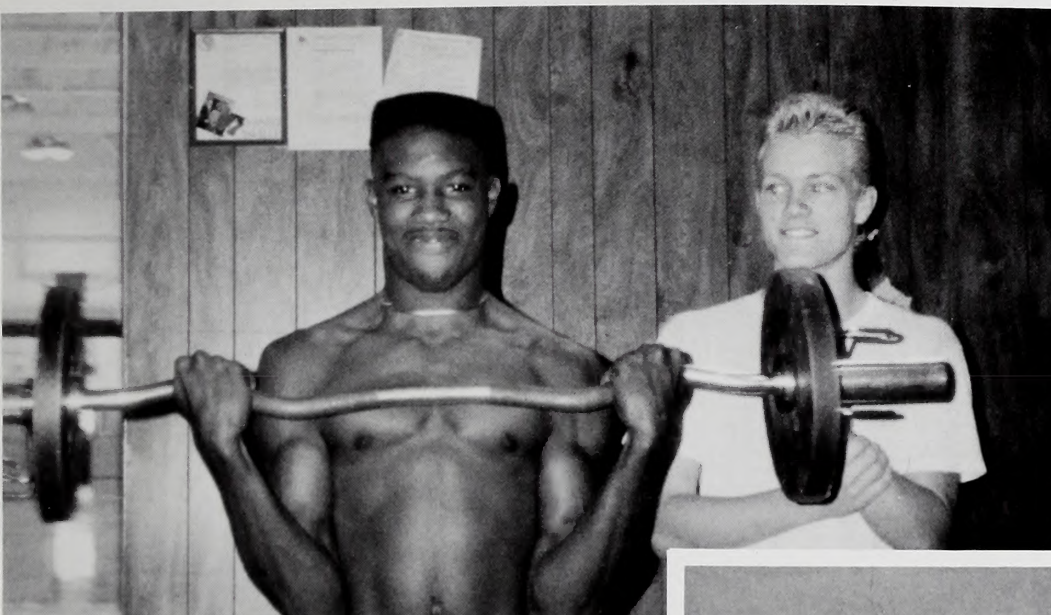

The basic Physical Education classes are designed so that students experience various activities and games which develop the individual physically and socially. Participation by each student with the idea of having "fun by participation" is the main goal.

The elective classes of Conditioning, Aerobics, and Team Sports are chosen by those students who want to enhance their athletic abilities and fitness level. These classes are physically challenging, and athletes consider them an integral part of their development.

Mr. Thomas Renie

Middle: Daron Myers knows the advisability of having someone spot him as he lifts. To assist with this safety procedure, Mark Atchley stands by.

Bottom: Andy Lane and Kevin Spargur consider whether or not the weight is too much for either of them to lift before trying the task.

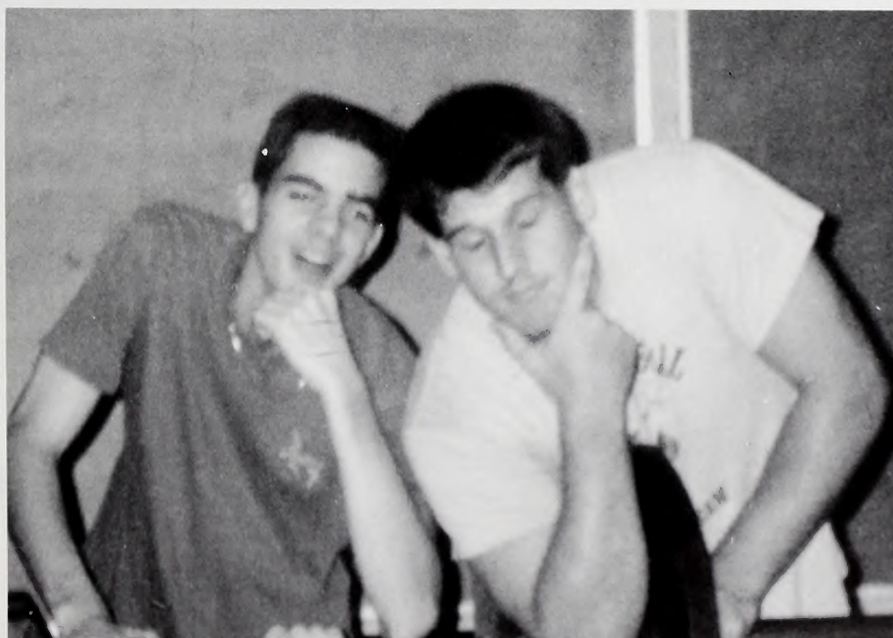

Opposite Page Top: Sweating classmates, Chris Johnson and Andy Lane, look on as Kirk Pinkston falls near the net during a basketball game.

Opposite Page Bottom Left: Mark Atchley would not mind if someone helped him lift in Conditioning class.

Opposite Page Bottom Right: Brian Marcum, because his legs are out of sight, seems to be doing nothing; he is, however, sliding the hack with ease.

Top: Denessa Harmon, April Kelley, and Hallie Harper pay attention to Mr. Thompson in Health.

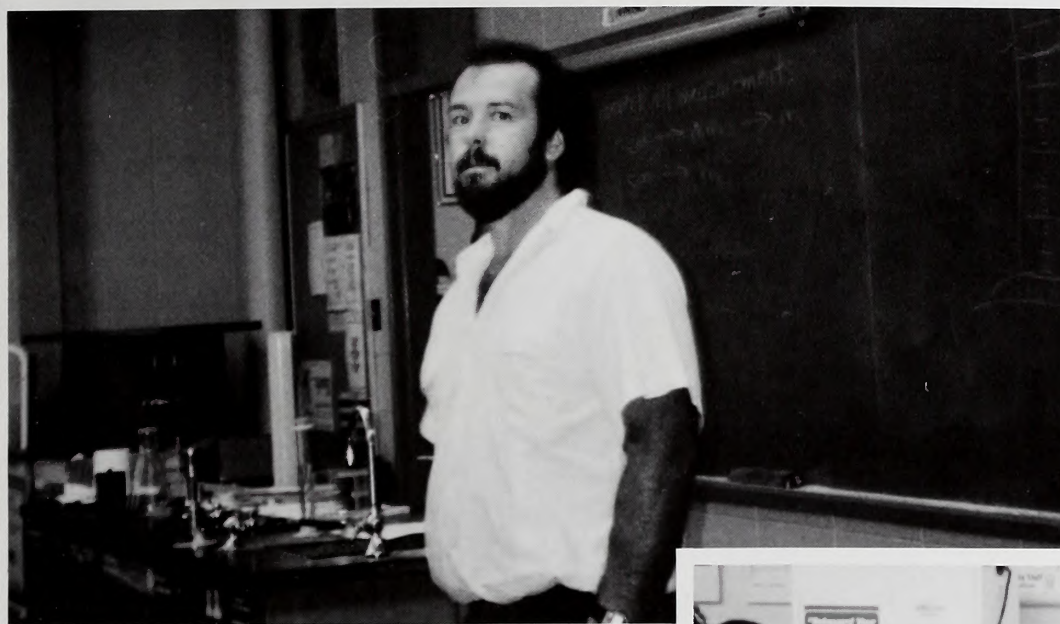

## SCIENCE

Classes in the Science Department have always been very interesting. This year the department has added an especially interesting course — Anatomy. Anatomy teaches about the human body and the structure of it. Mr. Bill Buckley is the teacher of this new course this year.

Science Club is available for students particularly interested in science. This year the club has two sponsors — Mr. James Yarber and Mr. Robert Edwards, the Department Chairman.

Being a member of the Science Club or just taking science classes can be a rewarding experience. Many wonders in science make “just doing it” in the Science Department worthwhile.

Marianne Hickrod

Opposite Page Top: Physical Science would be easier for Derrick Wilson if he wouldn't try to read his text upside down.

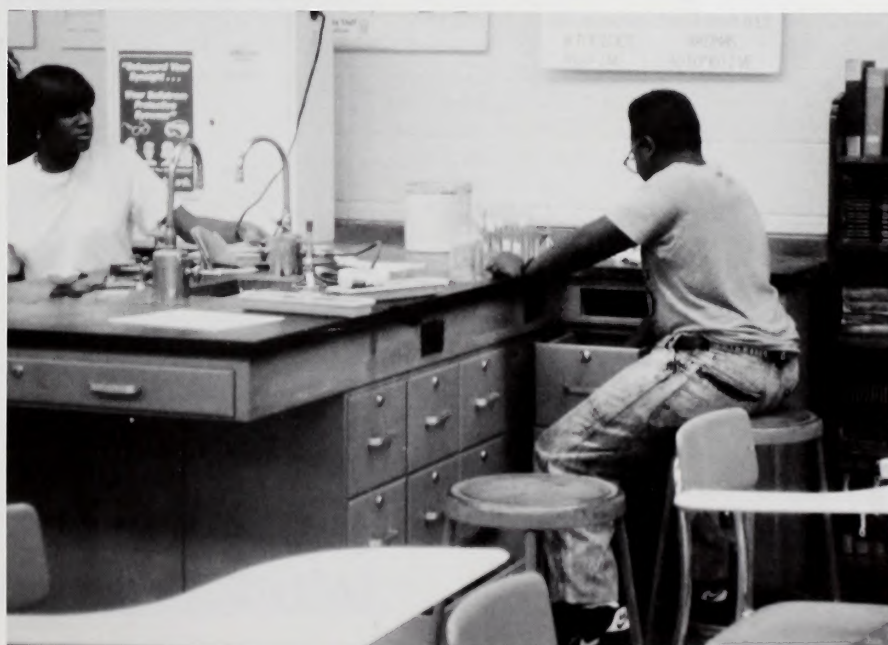

Opposite Page Bottom Left: The wonders of chemistry keeps Amy Sommers interested.

Opposite Page Bottom Right: Laura Payton assists in the Science Department office this year.

Top: Kristy Coyle considers going to the computer lab to work on equations, a puzzling task.

Middle: Mr. Dressler waits for his class to enter so he can start teaching.

Bottom: Derita Taylor and Aidis Thomas manufacture salt in the lab session of chemistry class.

# SOCIAL STUDIES

## *Spears Speaks*

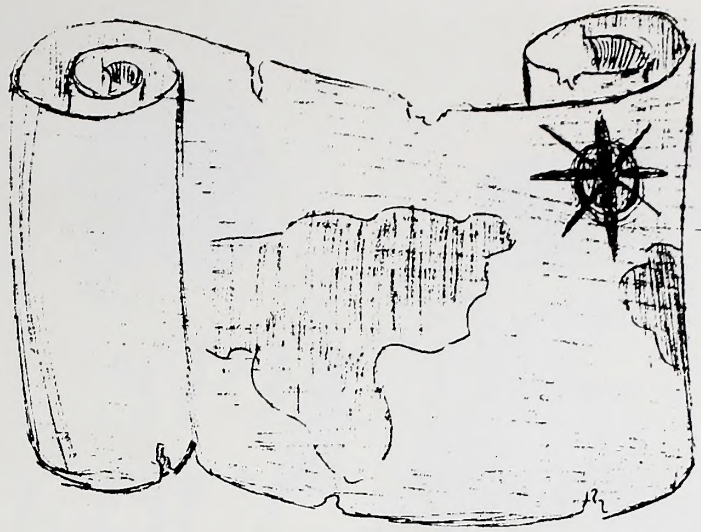

Mr. Spears revealed that he really enjoys history and the way it helps him to look at the world and make decisions, argue his point of view, and make educated judgments as a voter and U.S. citizen. Being a Social Studies teacher at Howe has made him learn history as never before in order to keep up with his students. He also noted that there have been a lot of changes in the department since he started in 1968. There were more courses, more students, and more teachers in previous times, and the building was even smaller.

According to Mr. Spears, the Social Studies Department does a nice job of providing the opportunity for students to become better citizens. The department, moreover, offers advanced courses for college credit. The Social Studies curriculum also offers students the opportunity to enter a national Bicentennial contest in Government, and a "Close Up" program allows students to spend a week studying in Washington D.C. The highlight of many Social Studies students is the yearly trip. The last three years the International Club has traveled to London, Berlin, and Paris. This year's trip is to Munich, Germany, and Austria. All the challenges are there for a student to have a good time and get a good background in Social Studies at Howe.

Jason Cox

Opposite Page Top Left: Mr. Errol Spears gets into an intense discussion of Separation of Powers, Checks and Balances, and Judicial Review in the U.S.

Opposite Page Top Right: Making lesson plans and grading papers gives Mr. Finkbiner a headache. Being chosen as an outstanding teacher last year does not exclude him from the hard work of teaching.

Opposite Page Bottom: Jerry Hurst is carefully taking notes on the procedures for the Mock Election while Robby Haverly listens carefully.

Top: Heather Eha takes a mental break for a moment from the rigorous discussions taking place in Mr. Spears' classroom.

Middle: Lisa Urich latches onto Mr. McGinley's every word as she writes notes in class; some, on the other hand, just take mental notes.

Bottom: Branden Raymer (second from left) tries to find the page for the assignment; others have found it and are busy just doing it.

Top Right: Aaron Payne, a special education student, does not take math in that department; he works with Mrs. Freeman in a regular Math Department class.

Top Left: Bobby gets to rest from rushing to the elevator to get to his classes.

State and federal laws greatly affect the Special Education Department. Particular laws control the testing and evaluating in this department. The input of parents, counselors, and teachers are important in this process. Retesting and re-evaluating are also a part of this department. Close scrutiny is important to the students who are involved in it so that they get the proper education and help.

After testing, many students take only a few classes in the department and their other classes outside the department in "regular" and even "gifted" classes; some even take no classes in the department. This factor depends totally on the outcome of their tests and evaluations. Many types of situations can make it helpful to be a part of this special program.

Everyone, it seems — those in the department and those out — has benefited by the experience of relating with each other.

# ***SPECIAL EDUCATION***

Going into the Homecoming game this year, Howe was 4-1, and then managed to upset the Arlington Knights by a score of 40-6 at the game.

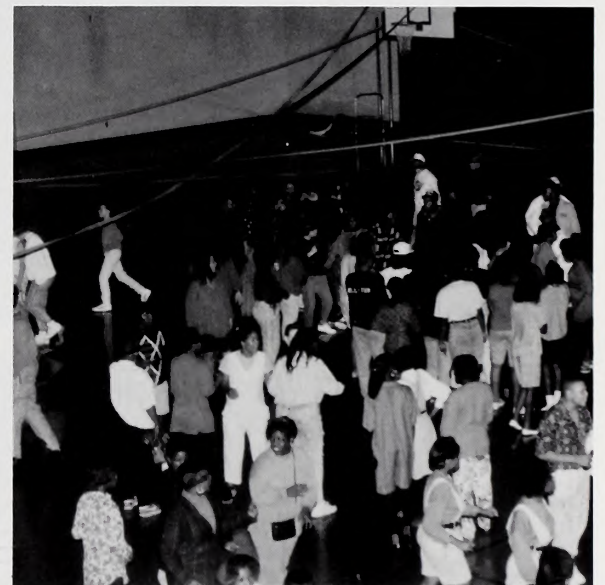

During the week of the Homecoming, Spirit Week, students dressed as twins, wore college sweats, donned sunglasses, and carried stuffed animals. On Friday, the day of the pep rally, everyone was to wear Brown and Gold to show his spirit.

At the game, Amanada Slaughter was crowned queen. Waving banners replaced floats in this year's festivities. A dance was enjoyed by many after the game. This year's Homecoming was a good time for all. Winning the game over Arlington helped a lot.

# Music

Many students participate as a member of one of the many groups in the Music Department. Concert Choir, Orchestra, Marching Band, Choralaires, String Ensemble, Varsity Singers, Gospel Choir, and Brass Ensemble make up some of the groups of the Music Department. Mr. Thomas Lewis heads this department assisted by Mr. Robert Bramlett, Mr. Keith White, and Mrs. Leslie Bartolowitz.

Many major performances are given for the public each year. Some of the traditional ones are the Spring Musical, the Pops Concert, the Summer Musical, and the Madrigals Dinner.

Participation in musical groups adds much to the education of the students involved. A certain kind of confidence is gained from performing in front of live audiences that cannot be obtained through any other means. Much enjoyment is added to the school days by those who perform.

# SUMMER MUSICAL

As a crab, a shark, a dolphin, a whale, an eel, an octopus, and other underwater creatures, music students certainly found it difficult to "act well [their] parts" in the Summer Musical *Captain Ripple and the Ocean Bed*.

As the story goes, an angel, Matt McBurnie, takes Captain Ripple, James Alexander, to the cove underwater where he tries to help free many underwater creatures who are held hostage there through fear of the crab, Jason Cox. The dolphin, Clara Winslow and Rosie Deal (double cast), manages to free the group.

Unique costumes, settings, and characterizations made for a delightful performance. Other members cast by Director Tom Lewis — some even double cast — were the whale, Rhett Lawmaster and Dave VanSell; the shark, Jerry Knowles; the eel, Carrie Deeter and Amy Lee; the octopus, Heather Hobbs; the turtle, Casady Kramer; the herring, Robert Ballew and Mike Deal; the perch, Keith Trinkle; and the crab, Allison Whittemore and Laura McBurnie.

Top Left: "Look but don't touch," Maurine the eel, Amy Lee, says. The shark, Jerry Knowles, thinks otherwise . . .

Top Right: Ono the clam of few words, Laura McBurnie, points to something important.

Top Middle: The angel, Matt McBurnie, scares Captain Ripple, James Alexander, with stories about sea monsters.

Bottom Middle: The cast sings about how they hate to work.

Bottom: The cast laughs as Pete the perch, Keith Trinkle, imitates a crab.

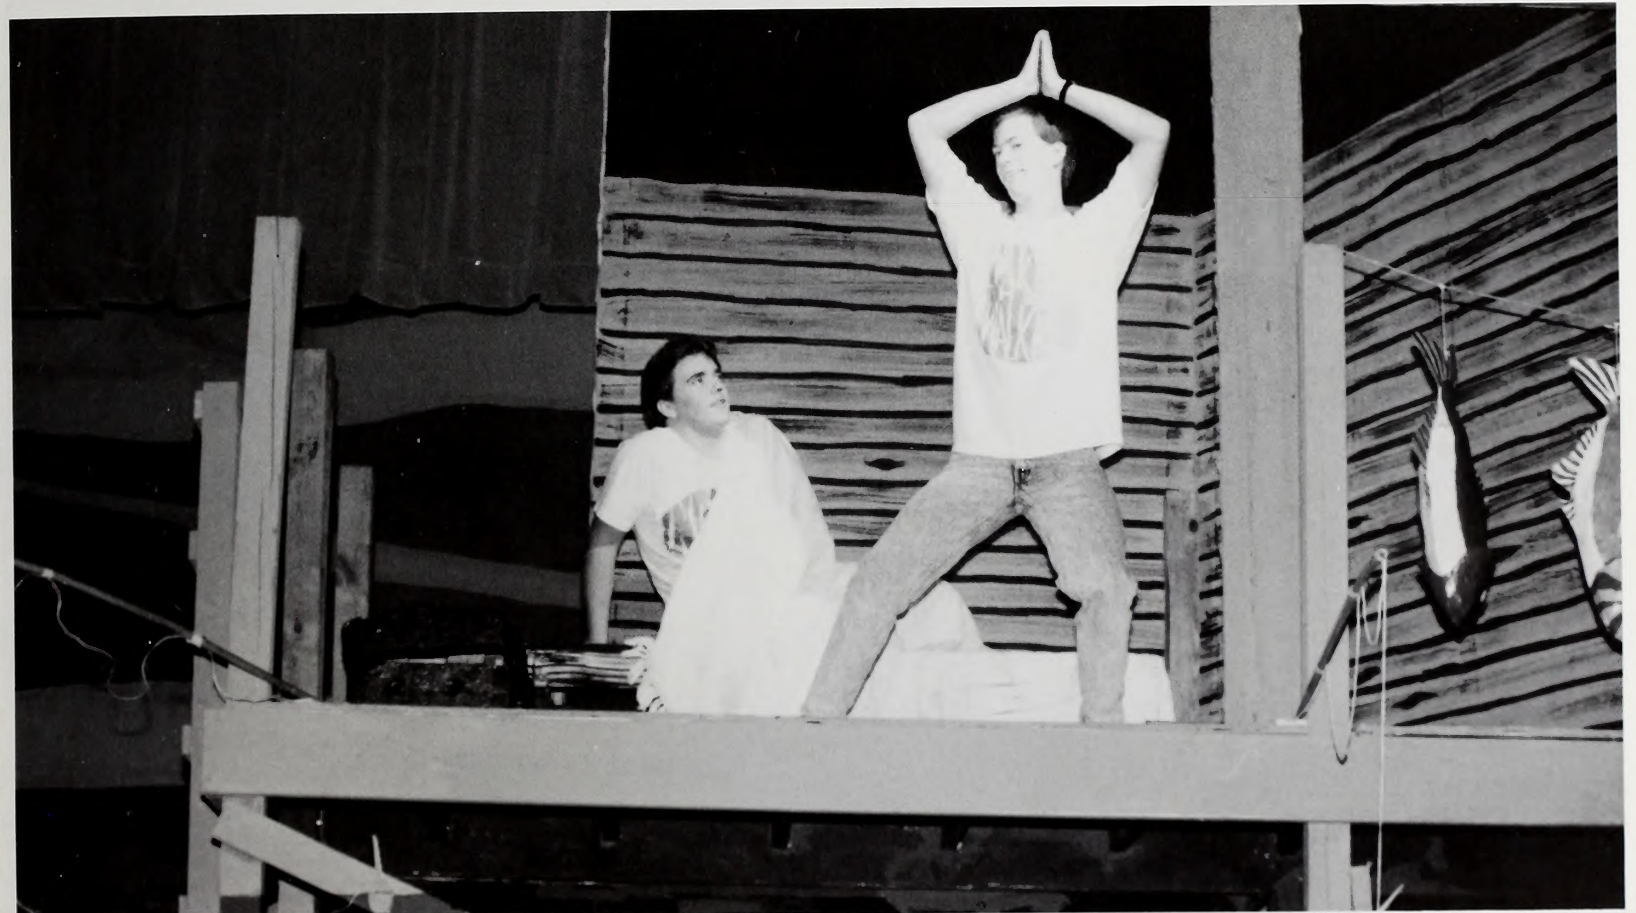

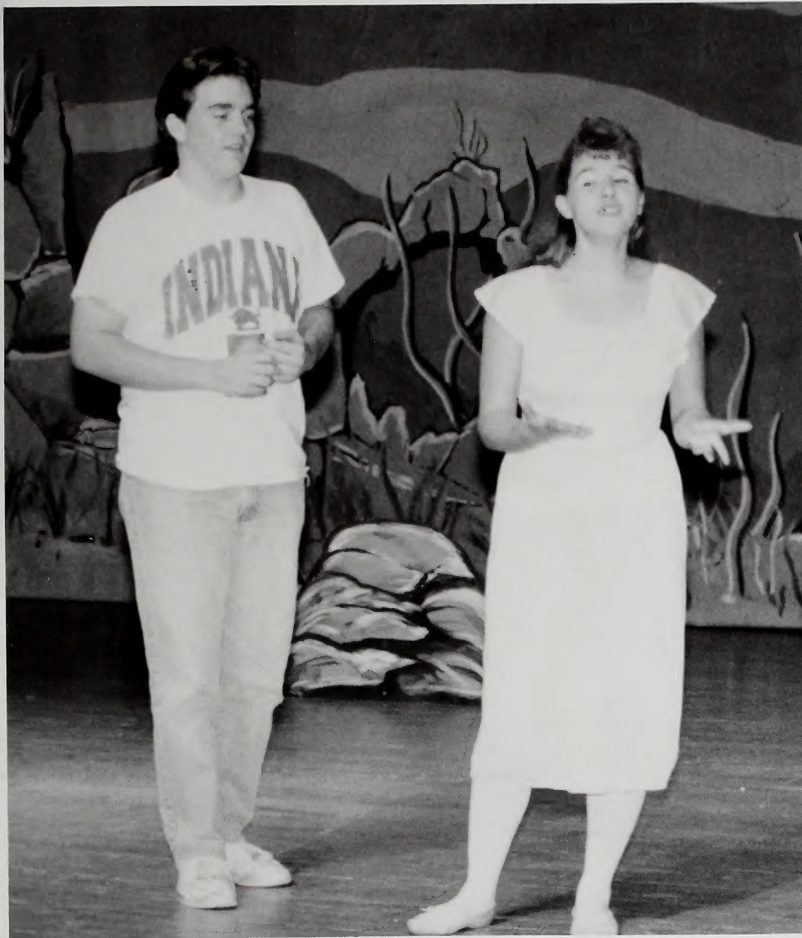

Opposite Page Top Left: Captain Ripple and Sarah, Rosie Deal, sing about the New Living Water.

Opposite Page Top Right: Pinch the crab, Jason Cox, jumps out of the sewer pipe to inspire more terror.

Bottom: The angel sings about Africa.

*She Loves Me* was the 1991 Spring Musical performed by the Howe Music Department March 22 and 23. The show, directed by Mr. Tom Lewis, tells the story of a young Hungarian couple in love, played by Rosemary Deal and Matt McBurnie. Others featured in the musical included James Alexander, Clara Winslow, Andrew Woodard, Jerry Knowles, Jason Cox and many other Concert Choir members who played various supporting roles. The Howe Orchestra also took part in the performance under the direction of Mr. Keith White, Mrs. Leslie Bartolowits. and Mr. Tom Lewis.

## Tower

The Tower staff had several new faces this year, especially second semester.

In spite of the problems, and there were many, with the risograph and a few with the computer and picture scanner, the "new" Tower staff managed to put out a good paper. Using two separate staffs has worked well for getting the paper out every two weeks.

#### GIRLS TRACK:

The track team this year was very small. Part of this was because we had two new coaches, and part of this was because some students were just not interested in track.

Even though our team was small, we still placed in the city finals and sectionals. Our team next year should be bigger and better.

Shaneca Lee

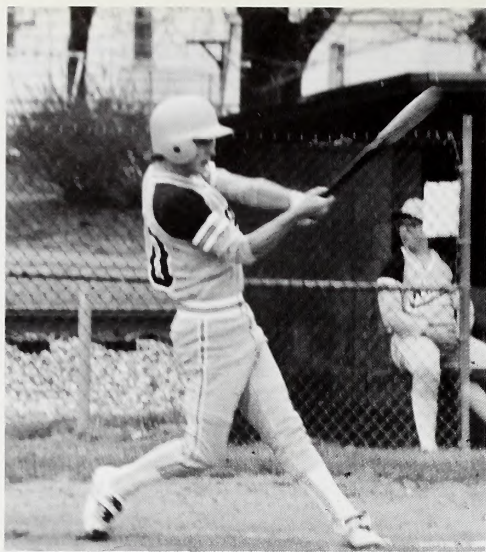

#### BOYS TRACK:

In an interview with Scott Gregory, the Hilltopper staff learned that this year's relay team earned the school's best time and won third in the state's contest. Scott revealed, compared to last year's team, this year's team did better in long distance, obtained faster times, and produced better records in shotput.

Memorable experiences for the team were having to push-start the bus and deal with a lot of rain. Scott Gregory said the team did really well this year and hopes students will join the team next year.

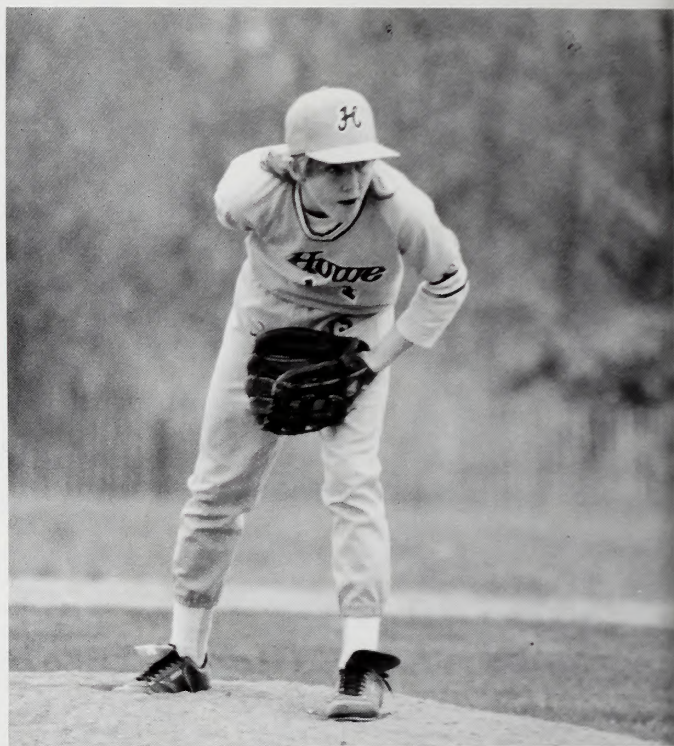

# BASEBALL

Middle Left: Tim Messenger hurls the ball for yet another strike.

Below: Checking out the catcher's call, Branden Raymer gets ready for the pitch.

If the Hornets' baseball season in 1990 were summed up with just one word, that word would be "transitional." After all, with two different coaches on varsity and junior varsity levels, what else could it be called but a "transitional year." Thomas Renie stepped up from coaching on the junior varsity level to varsity. With that switch a vacancy was left for the junior varsity coaching job, and that job was filled by Coach Michael Johnson.

The Hornets show promise for the future with all veteran players returning with the exception of four seniors to the varsity level. The junior varsity team also looks strong with eight returning sophomores to add stability to its roster.

Another plus that will keep the Hornets a-buzzing for the future is the better care being taken of the field by the coaches, players, and students of Howe. Since the field looks presentable, other schools see the pride the Hornets have in their school.

So here's to the Howe baseball program that shows nothing but talent and promise for the future!

Bottom Right: Trisha Tolin swings at the ball, but little does she know the ball is lying on the ground behind her.

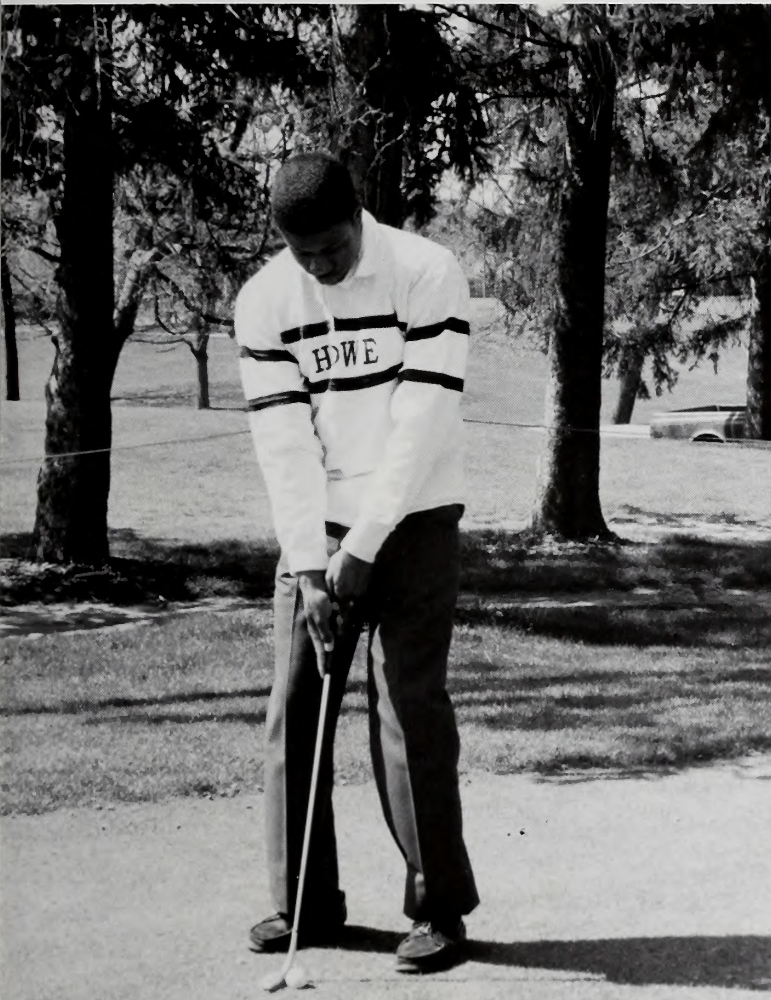

#### Girls Tennis:

Trisha Tolin and Tracy Tolin brought Girls Tennis a second place win in the City Tournament and a first place win in the IPS Tournament to round out their season. This helped the team spirit after some rain, wind, and unsatisfactory records during the season nearly destroyed it. The team has been especially encouraged because their coach stuck by them through all the disappointments and difficulties. Because of a lot of new reserve members who have a desire to play better, the team expects to win more games next year.

#### Boys Golf:

This year wasn't too successful for Boys Golf. We had only one varsity player returning from the previous year. We had not practiced over the summer; summer practice is essential to create good scores. Lack of concentration and determination is really what made the team unsuccessful. Next year we plan to have Mike Johnson shoot under 43 and the four other lettermen to shoot under 45. Next year's goals are to win IPSAC and place high in the sectional.

This year's softball team started off looking weak. A lot of girls tried out, but many quit within the first two weeks. With the encouragement of Coach Page and the help of Reserve Coach Wiggins, we turned into a pretty decent team.

At first we didn't win as many games as we were capable of, but soon after with hard work and the addition of new uniforms, we came back strong. It seems that as experience grows so does the strength of the team.

# FOOTBALL

Once again the Hornet football program suffered the "Sectional Jinx" in 1990. Just as in 1989, the Hornets finished with a strong record but lost the first game of the Sectionals against Warren. The Hornets finished the season as City and IPSAC champions. With a limited number of seniors leaving, many team members will be returning. So, as the Hornet battle cry states, "The *H*, the *O*, the *R*, the *N*, the *E*, the *T*, the *S*, oh yes, the Hornets" will rule in 1991.

## JV and Freshman Football

The Junior Varsity squad defeated the Secena Crusaders in their season opener 8-0. The Chatard Trojans have given the Hornets their lone loss at home 7-0. Beginning with a 21-0 romp of the Manual Redskins September 10, they started a string of 20 plus-point victories. They then ran over the Warren Central Warriors 20-6. They went on to beat Arlington and Broad Ripple. Northwest forfeited. The Junior Varsity ended their season with a 7-1 record.

The Freshman Football Team beat Ritter, Northwest, Tech, and another team and lost to Chatard, Manual, North Central, and Broad Ripple. This season gave the Freshman a 4-4 record.

# GIRLS VOLLEYBALL

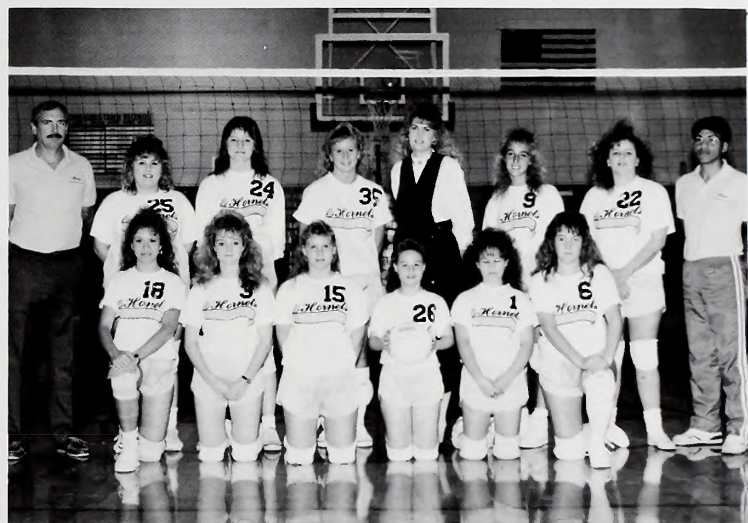

This year's Volleyball Team had a lot of new faces and a lot of old and familiar faces such as Coach John Wiggins. There was a change in this year's volleyball teams; instead of having just a Reserve and Varsity Team, there was a Freshman Team. There were so many enthusiastic and talented young ladies that Mr. Wiggins wanted to give all a chance to play.

Mr. Wiggins, who in the past coached Varsity, stepped down and coached freshmen leaving his former assistant, Jose Verastique, to coach Varsity. A new Reserve coach took over this year also. The team called this new coach, Coach Tosha.

Overall, the team had a win-loss record of 8-16. All in all, the team did all right, but trying harder should make them better next year.

# SOCCER

The 1990 soccer season was an improvement over last year. With the support of more fans, the team won their first game in two years. This year's team included eight seniors compared to three seniors last year. This year's seniors were Jason Bundy, David Gut, Chris Irvin, Richard Harrell, Andy Lane, Paul Pritchard, Antonio Molina, and Allen Worth. Some humorous things happened this season. Two nameless students made goals for the opposing team. Some not so humorous things happened also. Chris Irvin managed to get a broken nose during the pregame. Overall, the members of this year's soccer team were dedicated and hard working.

There were five members on the Girls Golf Team this year — Laura Alexander, captain, Sally Breidenbach, Mandy Steffey, Tanika Price, and Brandy Wright. The coach, Mr. Mahler, had the pleasure of teaching the three rookies the art of golf and refreshing the memory of Brandy and Laura. Throughout the season the girls grew in skills and friendship. Mr. Mahler showed the girls how to really “smoke the ball.” Each of the girls had the opportunity to compete on a number of varied courses, with Pleasant Run as their home course. The season ended on a cold and rainy day at sectionals with all of the girls in good spirits.

# BOYS TENNIS

## BOYS TENNIS:

The team's worst enemy this year was not having enough players to keep from forfeiting games. Mrs. Jennifer McNally who replaced Errol Spears as the coach this year stated that Scott Thomas was the Most Valuable Player this year and that what the team needs is a lot of new faces next year, people who are willing to commit to six weeks of tennis, people who are not necessarily good at tennis, but have a willingness to learn.

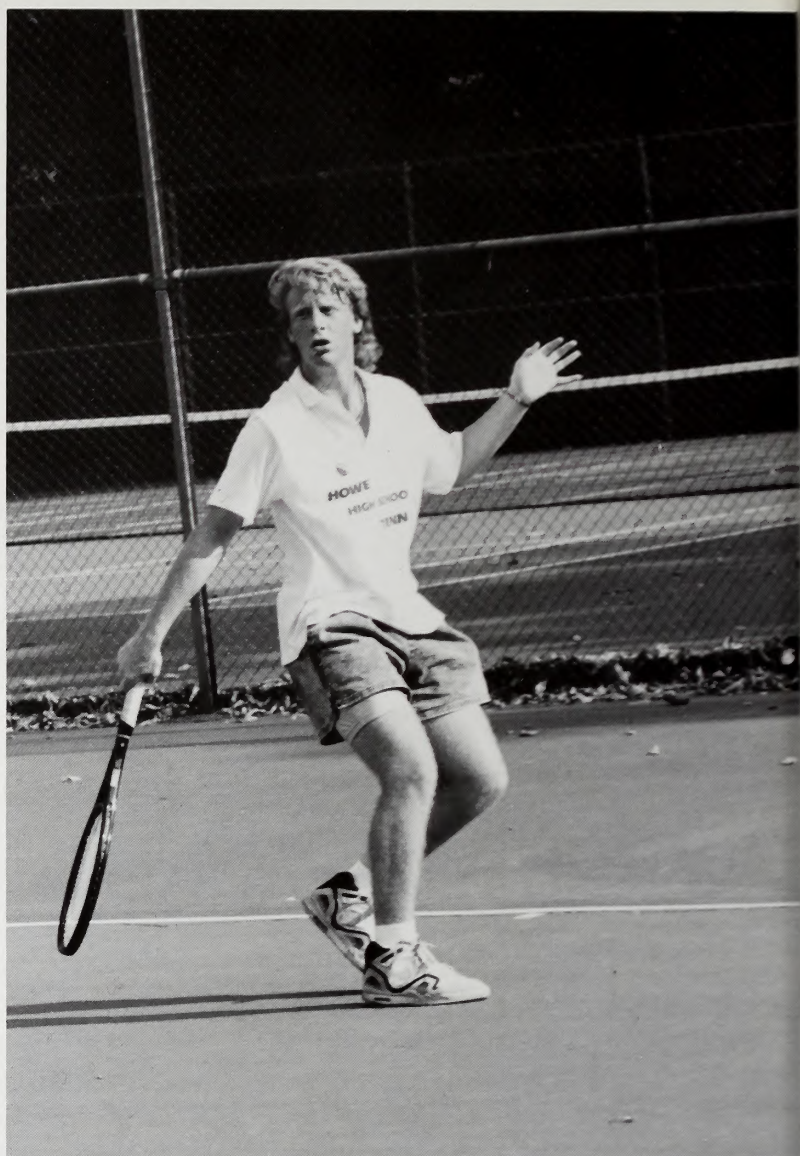

Jeff Redmon

## GIRLS SWIMMING:

The girls of Howe's swim team overcame many obstacles and still managed to celebrate more than once during the 1990 season, defeating Tech, Northwest, Arlington, and Washington. The Hornets also placed second in the Tech Invitational. The regular season ended with second place in the IPSAC tourney. Individual victories include Slaughter, Starr, Trotter, and McBurnie. In addition to these, Kiefner became a first in city and conference tournaments as well as a first in the State Qualifications. The girls kept a positive attitude and were successful, owing a lot to Coach Elizabeth Hendricksen and John Beswick.

## Cross Country — Boys/Girls

Both Boys and Girls Cross Country Teams found themselves with fewer runners this year in comparison to last year. Not too many fans keep them company in their runs to encourage them on; they have to keep their own inner drive going to get to the finish line.

This year Dave Porter was awarded the Most Valuable Player Honor. The 7th place win in the IPSAC was also Dave Porter's honor. Jason Sparks came away with the Best Mental Attitude award, and Most Improved Awards were given to Chris Oliver, John McCloud, and Barry Thompson.

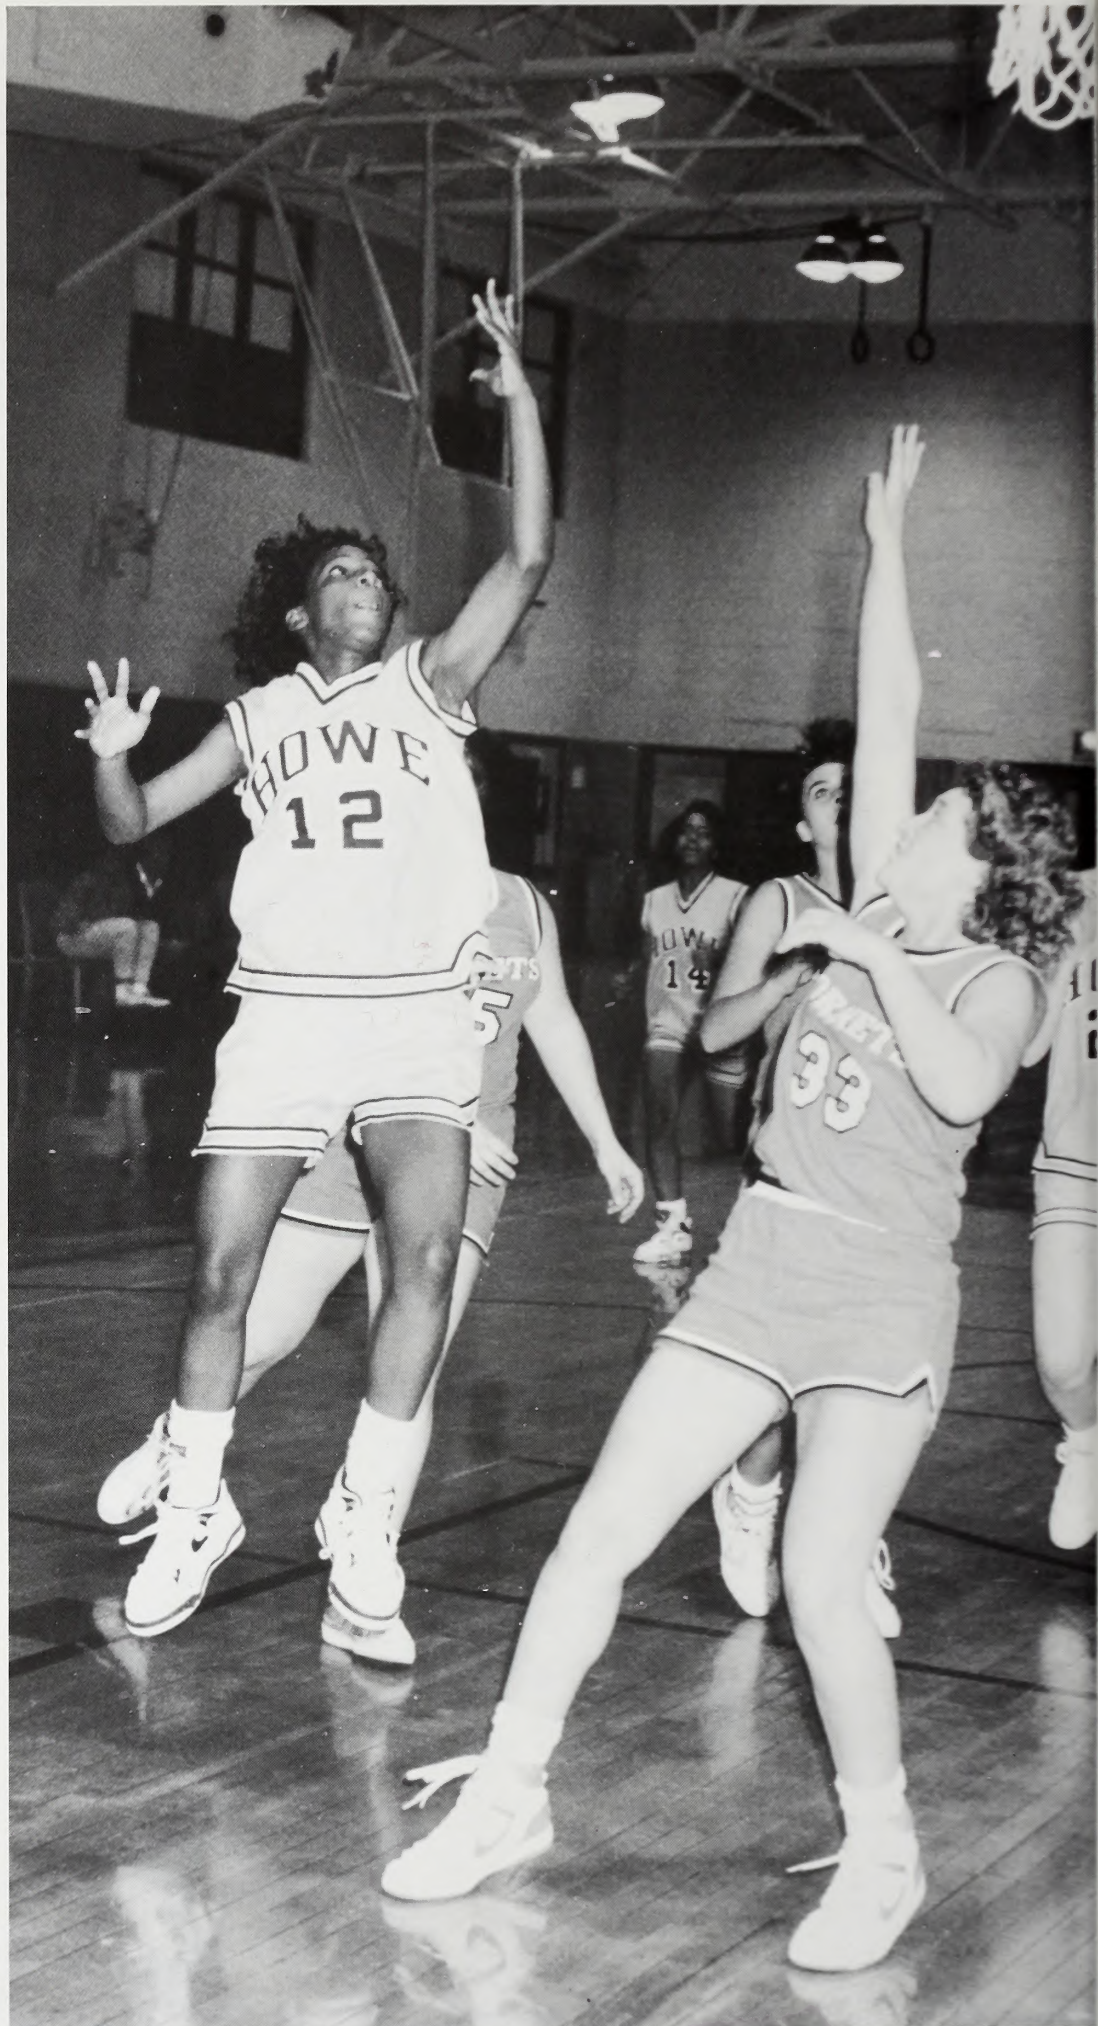

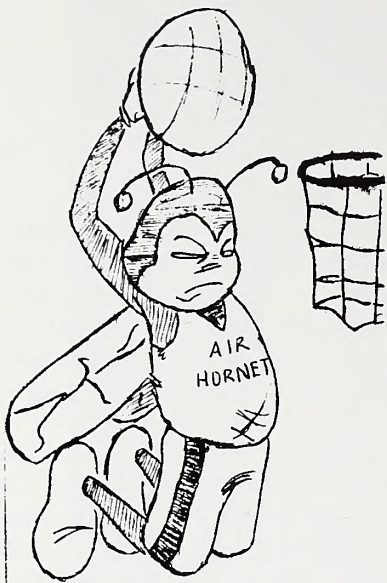

For the girls team, Nicole Brown walked away with the Most Valuable Player award, the Best Mental Attitude award, the Most Improved award, and a 5th place win in IPSAC. In fact, Nicole Brown is the only girl who stuck it out to the end of the season.

# Basketball

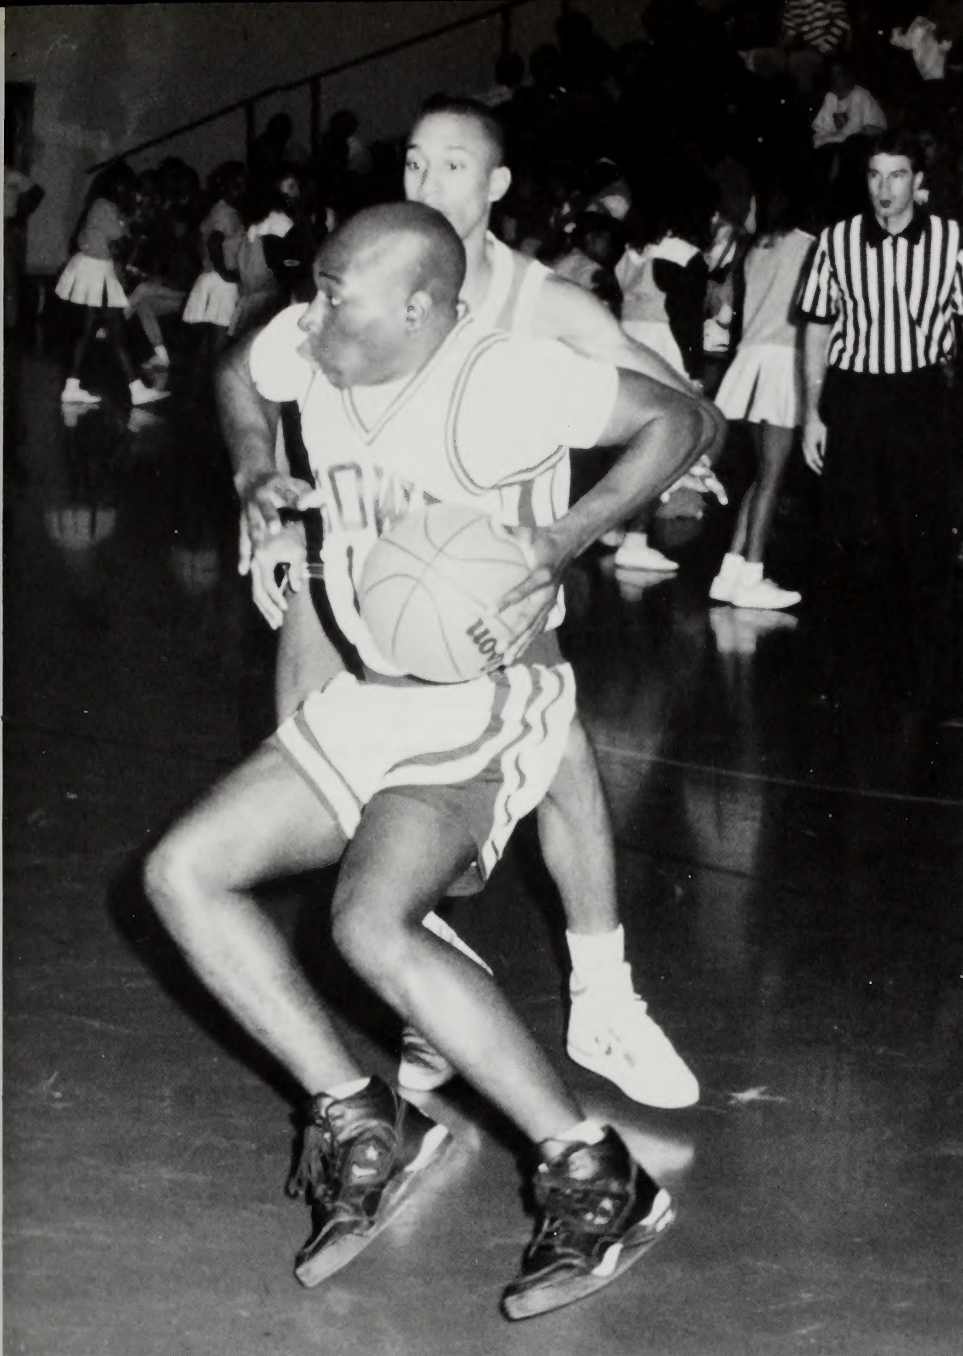

This year's varsity team had only two returning varsity players, Kirk Pinkston and Andre Smith, for most of the year. Unfortunately, several valuable players were lost. Because the team was building and had many young, inexperienced players, the varsity had a difficult time winning. More leadership and discipline will be necessary for the team to do better next year. Control on the floor will be necessary and better chemistry among the players for improvement.

# GIRLS BASKETBALL

This year both teams really had to struggle for their achievements. Losing some of our better players on both teams made the season difficult. In spite of the many problems we faced this year, with the help of our two great coaches the team really pulled together and gave each other moral support. The fans were helpful in keeping our spirits up also. We're all looking forward to next season and another year of Howe's Girls Basketball.

Leaving Ernest Smith behind at the City Tournament and having to go back after him will be a memorable experience for this year's Wrestling Team. Another moment of this type was pushing the bus across the Lawrence Central Parking lot to push-start the bus.

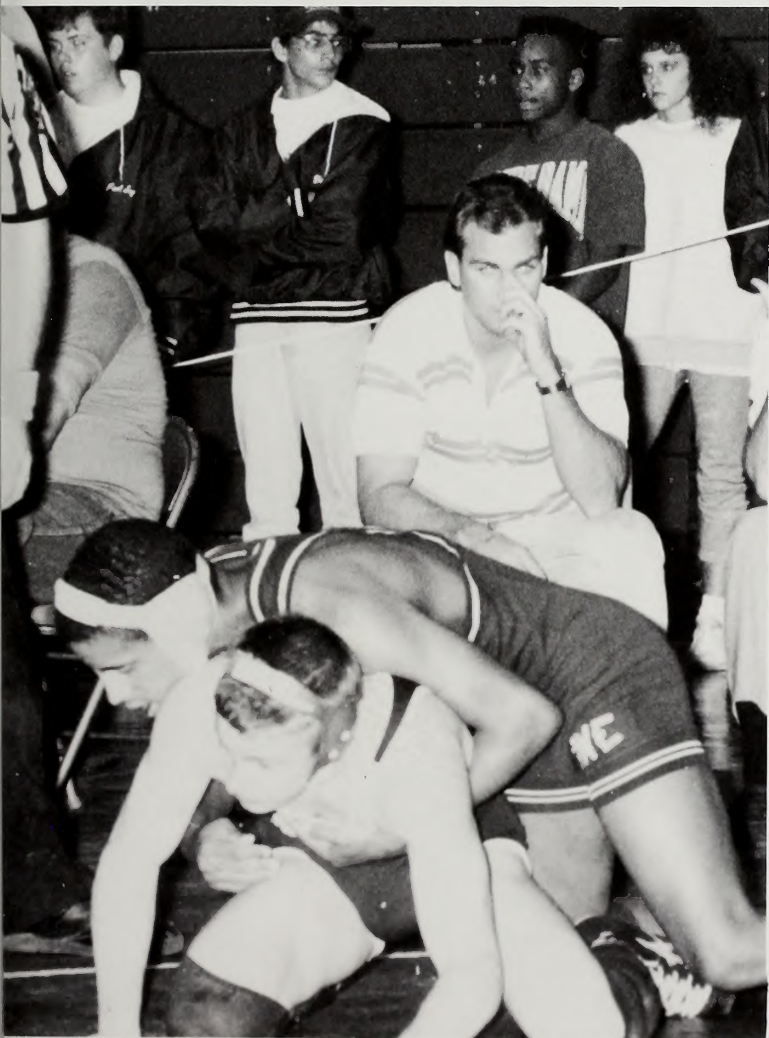

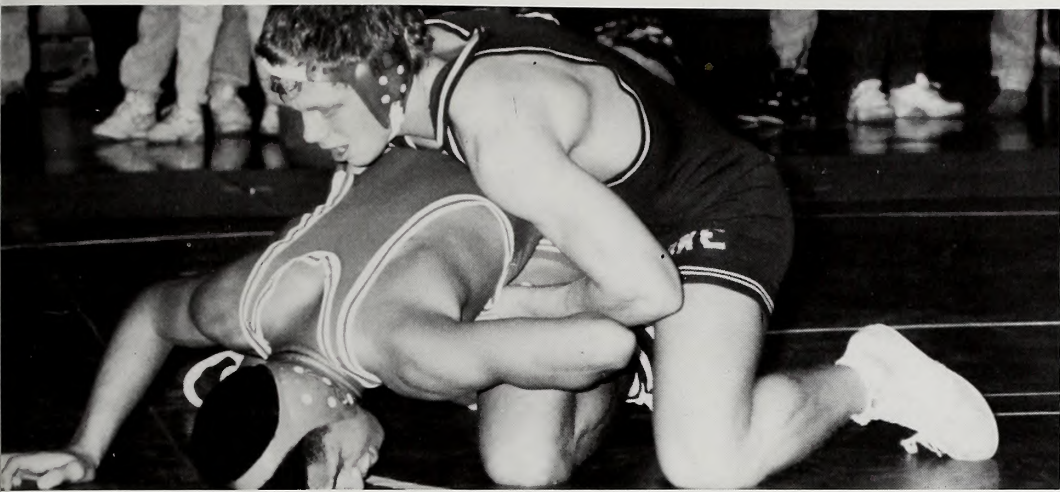

This year's Wrestling Team showed improvement over last year's team. One reason for this could be that the team was more experienced. Six team members distinguished themselves at the City Tournament: Mike Williams and Shawn Moore, first place; Bennie Wagers, second place; Brian Marcum and Ernest Smith, fourth place; and Marco Snider, fifth place. Mike Williams, Marc Roland, Bennie Wagers, and Shawn Moore brought home honors at the Sectionals. Williams, Wagers, and Moore won at the Regionals and went on to the Semi-State. Moore and Williams advanced to win sixth place in the State Finals. Dujuan Thompson and Sam Goldsberry were JV champs at City.

Howe's Wrestling Team has been getting better and hopefully will do even better next year.

The "right-hand man" for the football players is a girl — a Golden Gal. The many girls who are a part of this group keep track of statistics for the players. The players water supply is carried by these Golden Gals. Most all students know them for the weekly bulletins they put out — giving glory where glory is due for the team, allowing the student body, teachers, and staff to know the progress of the players and team. In addition to the bulletins, the girls make posters and hang them around the building. The girls work hard and enjoy themselves serving the players and teams. When someone asks, who are those girls on the field during varsity, reserve, and freshman games, the answer is the Golden Gals.

Middle Left: Lisa Monroe, May Watt, and Amy Hucks are waiting patiently for the football game to start.

Above: Amy Sulzberger and Tony Buerklin are enthused about Howe's record.

Left: Kathy Lashley and Kristy Smith busy themselves by making a banner for the football game.

Above: Trisha Tolin, co-captain, listens to the ideas of the other Mat Maids.

Middle Right: Angie Moore and Julie Merriman enjoy helping the Wrestling Team.

Right: Besides helping with Mat Maids, Denessa Harmon participates in class work with other students.

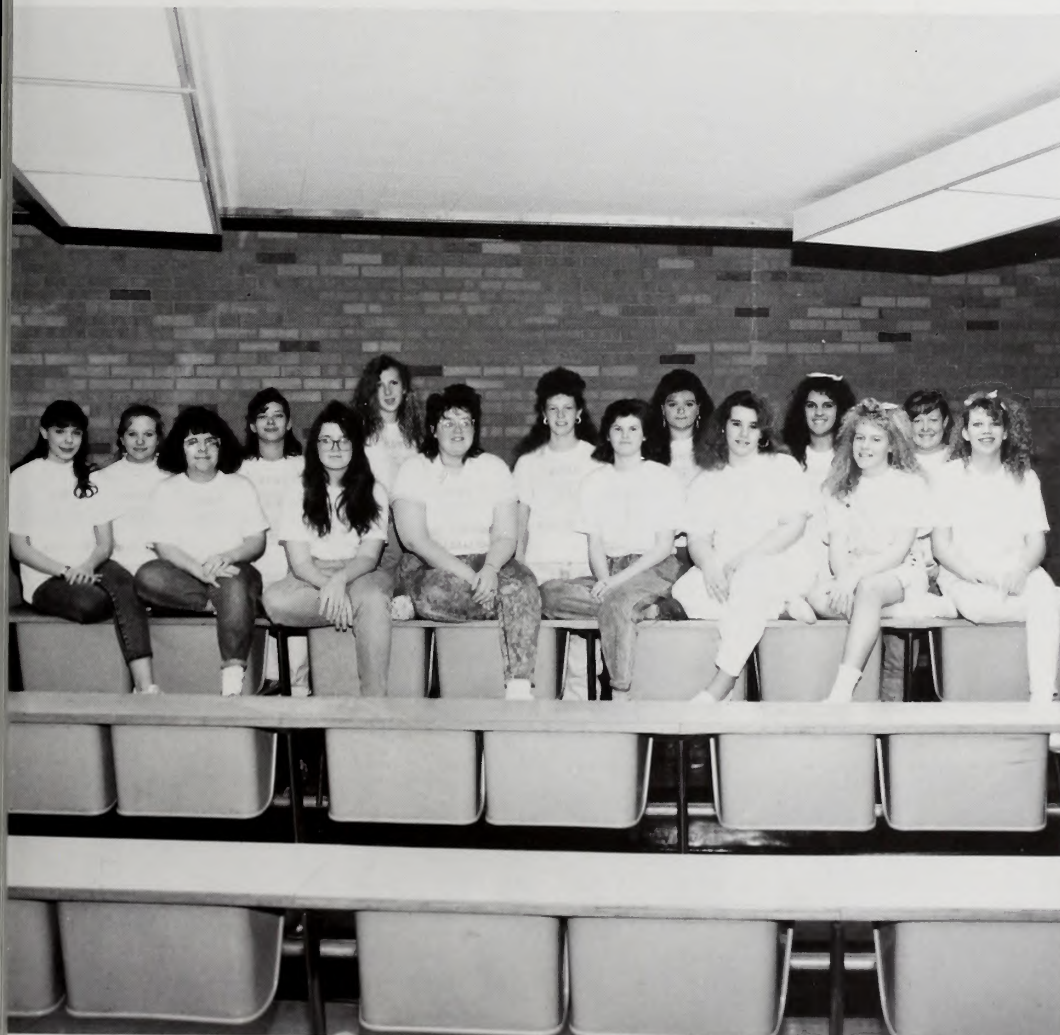

# Mat Maids

Top Left: Julie Merriman, Tracy Maciotok, Amanda Keifner, and Amanda Trotter wait for the start of the Mat Maid meeting, one of two held each week.

Left: In addition to sponsoring Mat Maids, Mrs. Sommers assists in the after-school concession stand.

Left: Mat Maids (Left to Right): Back Row: Amanda Slaughter, Sydney Moore, Tanika Price, Becky Starr, Sheila Gibson, Tracy Maciotok, Trisha Tolin. Front Row: Carrie Deeter, Denessa Harmon, Mandy Steffey, Jill Steffey, Mary Jo Hicks, Julie Merriman, Amanda Keifner, Amanda Trotter.

The Mat Maids support the Wrestling Team a great deal. The Mat Maids help the team in numerous ways — keeping score, cheering, decorating lockers, making signs, getting food and drink for the team members, and even throwing in the towel at the end of certain matches.

This year the girls were involved with, not one but two, large meets at Howe, the Invitational and the Sectional. They work hard for the team members but have their most fun surprising their secret wrestlers with encouraging messages and actions.

# ***FOOTBALL CHEERLEADERS***

Above: Varsity Cheerleaders (Left to Right): Na-Trina Hill, Lisa Ulrich, Rosemary Deal, Rebecca Starr, Felicia Willis, Kelly Jones, Clara Winslow.

Right: Freshman Cheerleaders (Left to Right): Standing, Heather Pinner, Andrea Morgan, Shannon Tolin, Seated, Karen Parker.

Above: Junior Varsity Cheerleaders (Left to Right): Kisha Tandy, Heather Sommers, Lisa Monroe, Allison Whittemore, Lachnwda Payton, Serita Digbie (seated).

The Varsity Cheerleaders (Felicia Willis, Becky Starr, Clara Winslow, Lisa Urich, Kelly Jones, NaTrina Hill, and Rosemary Deal) were proud to cheer the Varsity Football Team through a very successful, winning season. The cheerleading camp that the Varsity and Junior Varsity Squads attended at DePauw University in August prepared them well for the season.

The Junior Varsity Cheerleaders (Heather Sommers, Allison Whittemore, Lachnwda Payton, Lisa Monroe, Charla Collins, Serita Digby, Kisha Tandy — Alternate) and the Freshman Cheerleaders (Shannon Tolin, Karen Parker, Becky Dugger, Andrea Morgan, Heather Pinner) led fans to cheer the Junior Varsity and Freshman Football Teams to victory.

Shelley Keller and Rita Gaither were the cheerleading sponsors for the 1990-91 football season.

## *Basketball Cheerleaders/High Steppers*

Top Left: Mrs. Shelley Keller, cheerleader sponsor, settles down for a long practice session.

Right: High Steppers (Left to Right): Front: Bobbie Smith, Middle Row: Angie Petree, Rhonda Wills, Michelle LaFollette. Back Row: Kim Bryant, Natasha Reedus, Cora Jones.

This year the Cheerleaders are more organized than they have been sometimes in the past. Strangely enough, the girls are more equal in size than some squads in the past. They also seem to get along better than some squads in the past. Even though the team has not been winning, the girls have kept a positive attitude. This is probably achieved because of their excellent sponsor, Mrs. Shelley Keller, and the varsity co-captains, Felicia Willis and NaTrina Hill.

## Senior Farewell

High school is a time to learn. Of course, when we say that, we think about academics. However, this is also a time to learn about ourselves and those around us.

When we remember our days in high school, we will think about our friends and classmates who made our days a special time. We have lived together, all of us, in the classrooms and halls of Thomas Carr Howe eight hours a day, nine months a year.

All of the smiles we've shared, all of the reassuring hugs we've given, all of the friends we've made over the years, and all of the learning we have shared together have made up our time in school. Living, laughing, learning, loving, and remembering — that's Howe High School.

Graduation is a time when many seniors say goodbye to their friends and classmates to move on with greater accomplishments. Some will go to college; some will go to work; some will start families of their own; the rest . . . well, they have our blessing.

We'd like to wish every graduating senior the best of luck in whatever life has in store for him. We hope you will treasure the memories of your high school years as a member of the Class of 1991.

### For Seniors: A Poem

Single file and yet together  
We've shared our greatest days.  
And we carry common memories  
in different ways.  
Though we don't know  
where we're going,  
We'll cherish where we've been.

Hold on to the moment;  
Let the feelings show.  
Hold on to the moment;  
never let it go.

I can picture us together  
With my arms around my friends.  
Let me hold on to the moment  
before it ends.

There was laughter;  
There were tears  
through the dozen  
golden years.  
(Modified from "Hold on to the Memories," author unknown)

### ANNE of Green Gables

Dramatized  
By  
Joseph Robinette

➤◀ The Dramatic Publishing Company

The performance of the intended senior-sponsored play, *Anne of Greene Gables*, was too late, May 17-18, this year to be covered. Since most of the seniors who undoubtedly would be in the play are also in the Madrigals, the Madrigals are pictured here; moreover, the superb job of the students and Mr. Bramlett, their director, is also honored here.

# STUDENT COUNCIL

The Student Council is a student organization that sponsors activities for the school and for the public. Its in-school projects include Homecoming, dances, candy gram sales, the Winter Sports Festival, and such.

In the community, Howe's Student Council gives parties for a local nursing home, decorates Irvington with luminaria the Sunday before Christmas, and holds a yearly drive to gather food and clothing for the needy.

This year is a rebuilding year for the Student Council. With a small, closely knit group of hardworking individuals, the Council is establishing new traditions and approaching old problems from new angles.

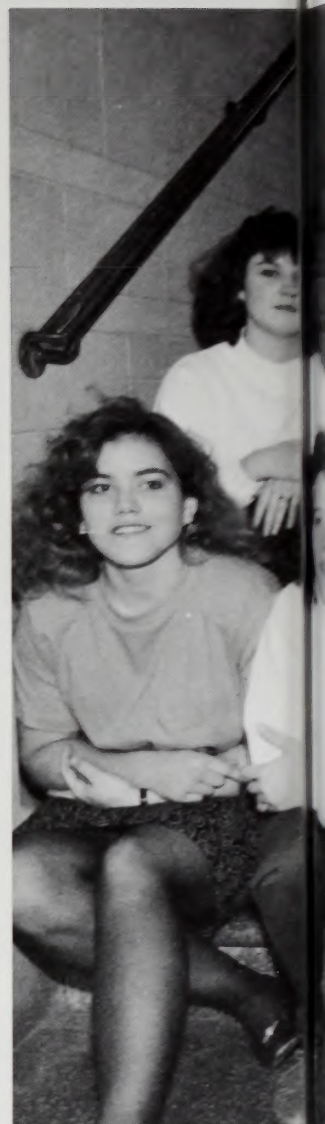

In the years ahead, Student Council will continue to grow and change with the times, but the Student Council will always be a vital part of Howe.

## POTPOURRI

Left: "Is it a bird? Is it a plane?" No, it is Super Haas on Halloween.

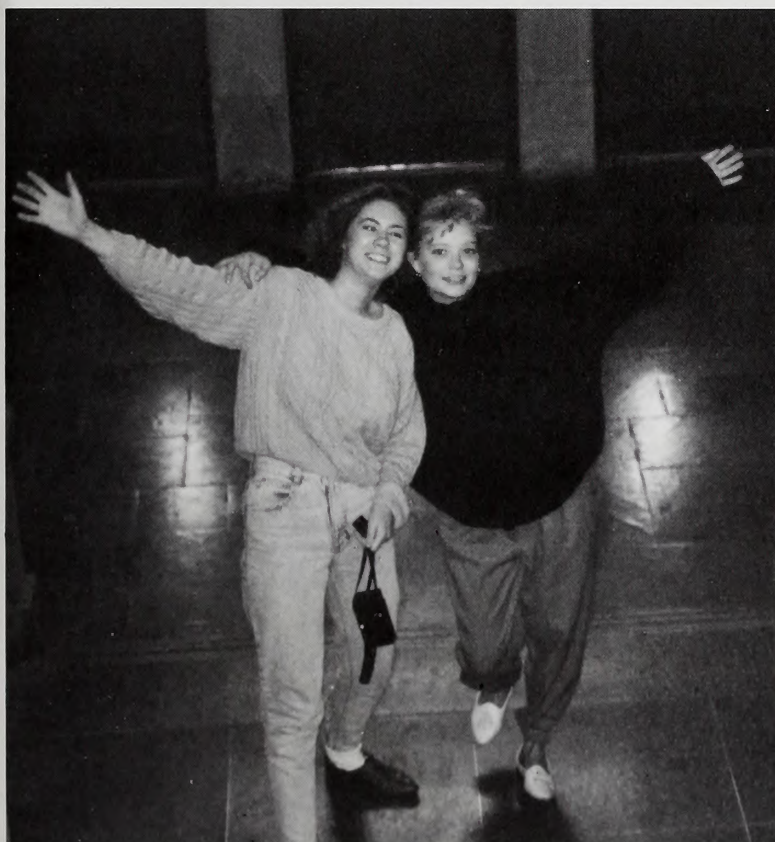

Opposite Page Bottom Right: Anita Enz will not be able to do much of this —resting— after graduation, especially if she goes to college.

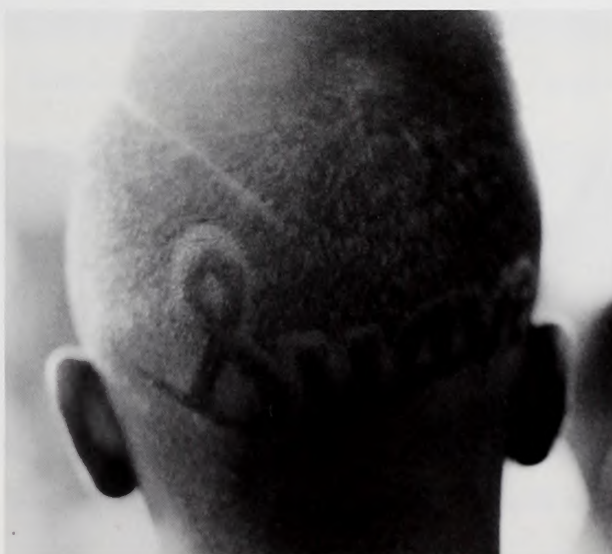

Left: Mrs. Deanna Byrd helps students register.

Bottom Left: Rachel Stuck and Tracy Tolin “strike a pose” as if they had just finished a dance routine.

Below: Bennie Wagers pumps “iron” during Conditioning.

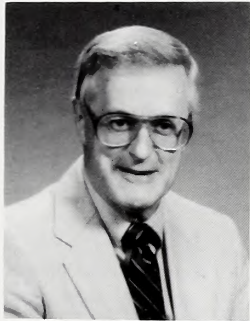

Right: Many new hair cuts have appeared in the halls this year. This one is really “suave.”

Top: The Bravest Teacher of the Year Award should be given to Mr. Steve Taflinger who allowed himself to be seen in a dress at the Homecoming Pep Assembly.

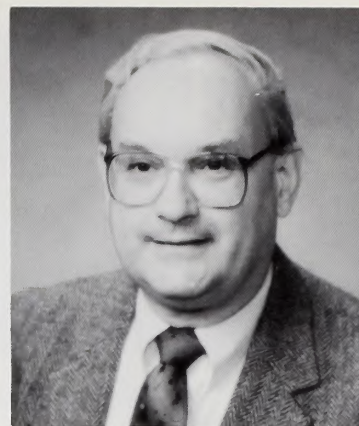

Above: Roxy Watson quilts during lunch and after school for various school projects and events.

Right: Audrey Corne, knowing the value of a good lunch, manages to eat even though she is very busy teaching biology most of the time.

Opposite Page Top Left: Graduating seniors welcome the help of Mrs. Jo Anna Leffler for those last minute problems that occur just before the ceremony is to begin.

Above: Vice Principal Bruce Beck has been noticeably absent from the building while on loan to the Education Center.

Below: Ginny McClellan, Deanna Byrd, and Roxy Watson enjoy a carriage ride after chaperoning at the Prom.

Bottom Left: Mr. Ron Ireland has been quite pleased with the outstanding awards won by students in math.

Bottom Right: After school while eating peanuts, Mr. Bruce Beck discusses school problems with Mr. Frank Tout.

***STAFF***

Opposite Page Top: Mr. Robert Huggins may feel he is in jail, though he is not, when he handles the financial transactions for registration and accounts due.

Above: Do you think Mr. Finkbiner and Mr. Page are arguing with the referee in order to fire up the team? Possibly. It has been done before.

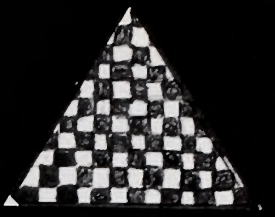

Above Top: Mr. John Ervin, English Department Chairman, might have obtained his attire for celebrating Halloween from his days on a farm in Hagerstown, from whence he cometh.

Above Bottom: Ms. Gloria Jones manages to keep her sense of humor even though a new program for attendance caused her a great many problems this year.

# *Just Do It!*

*Through the years, each one has suffered pain, grief, and sorrow.  
At times it seemed too hard to face tomorrow.*

*The road ahead may seem yet long for us;  
But thus far, we have made it and know what to do,*

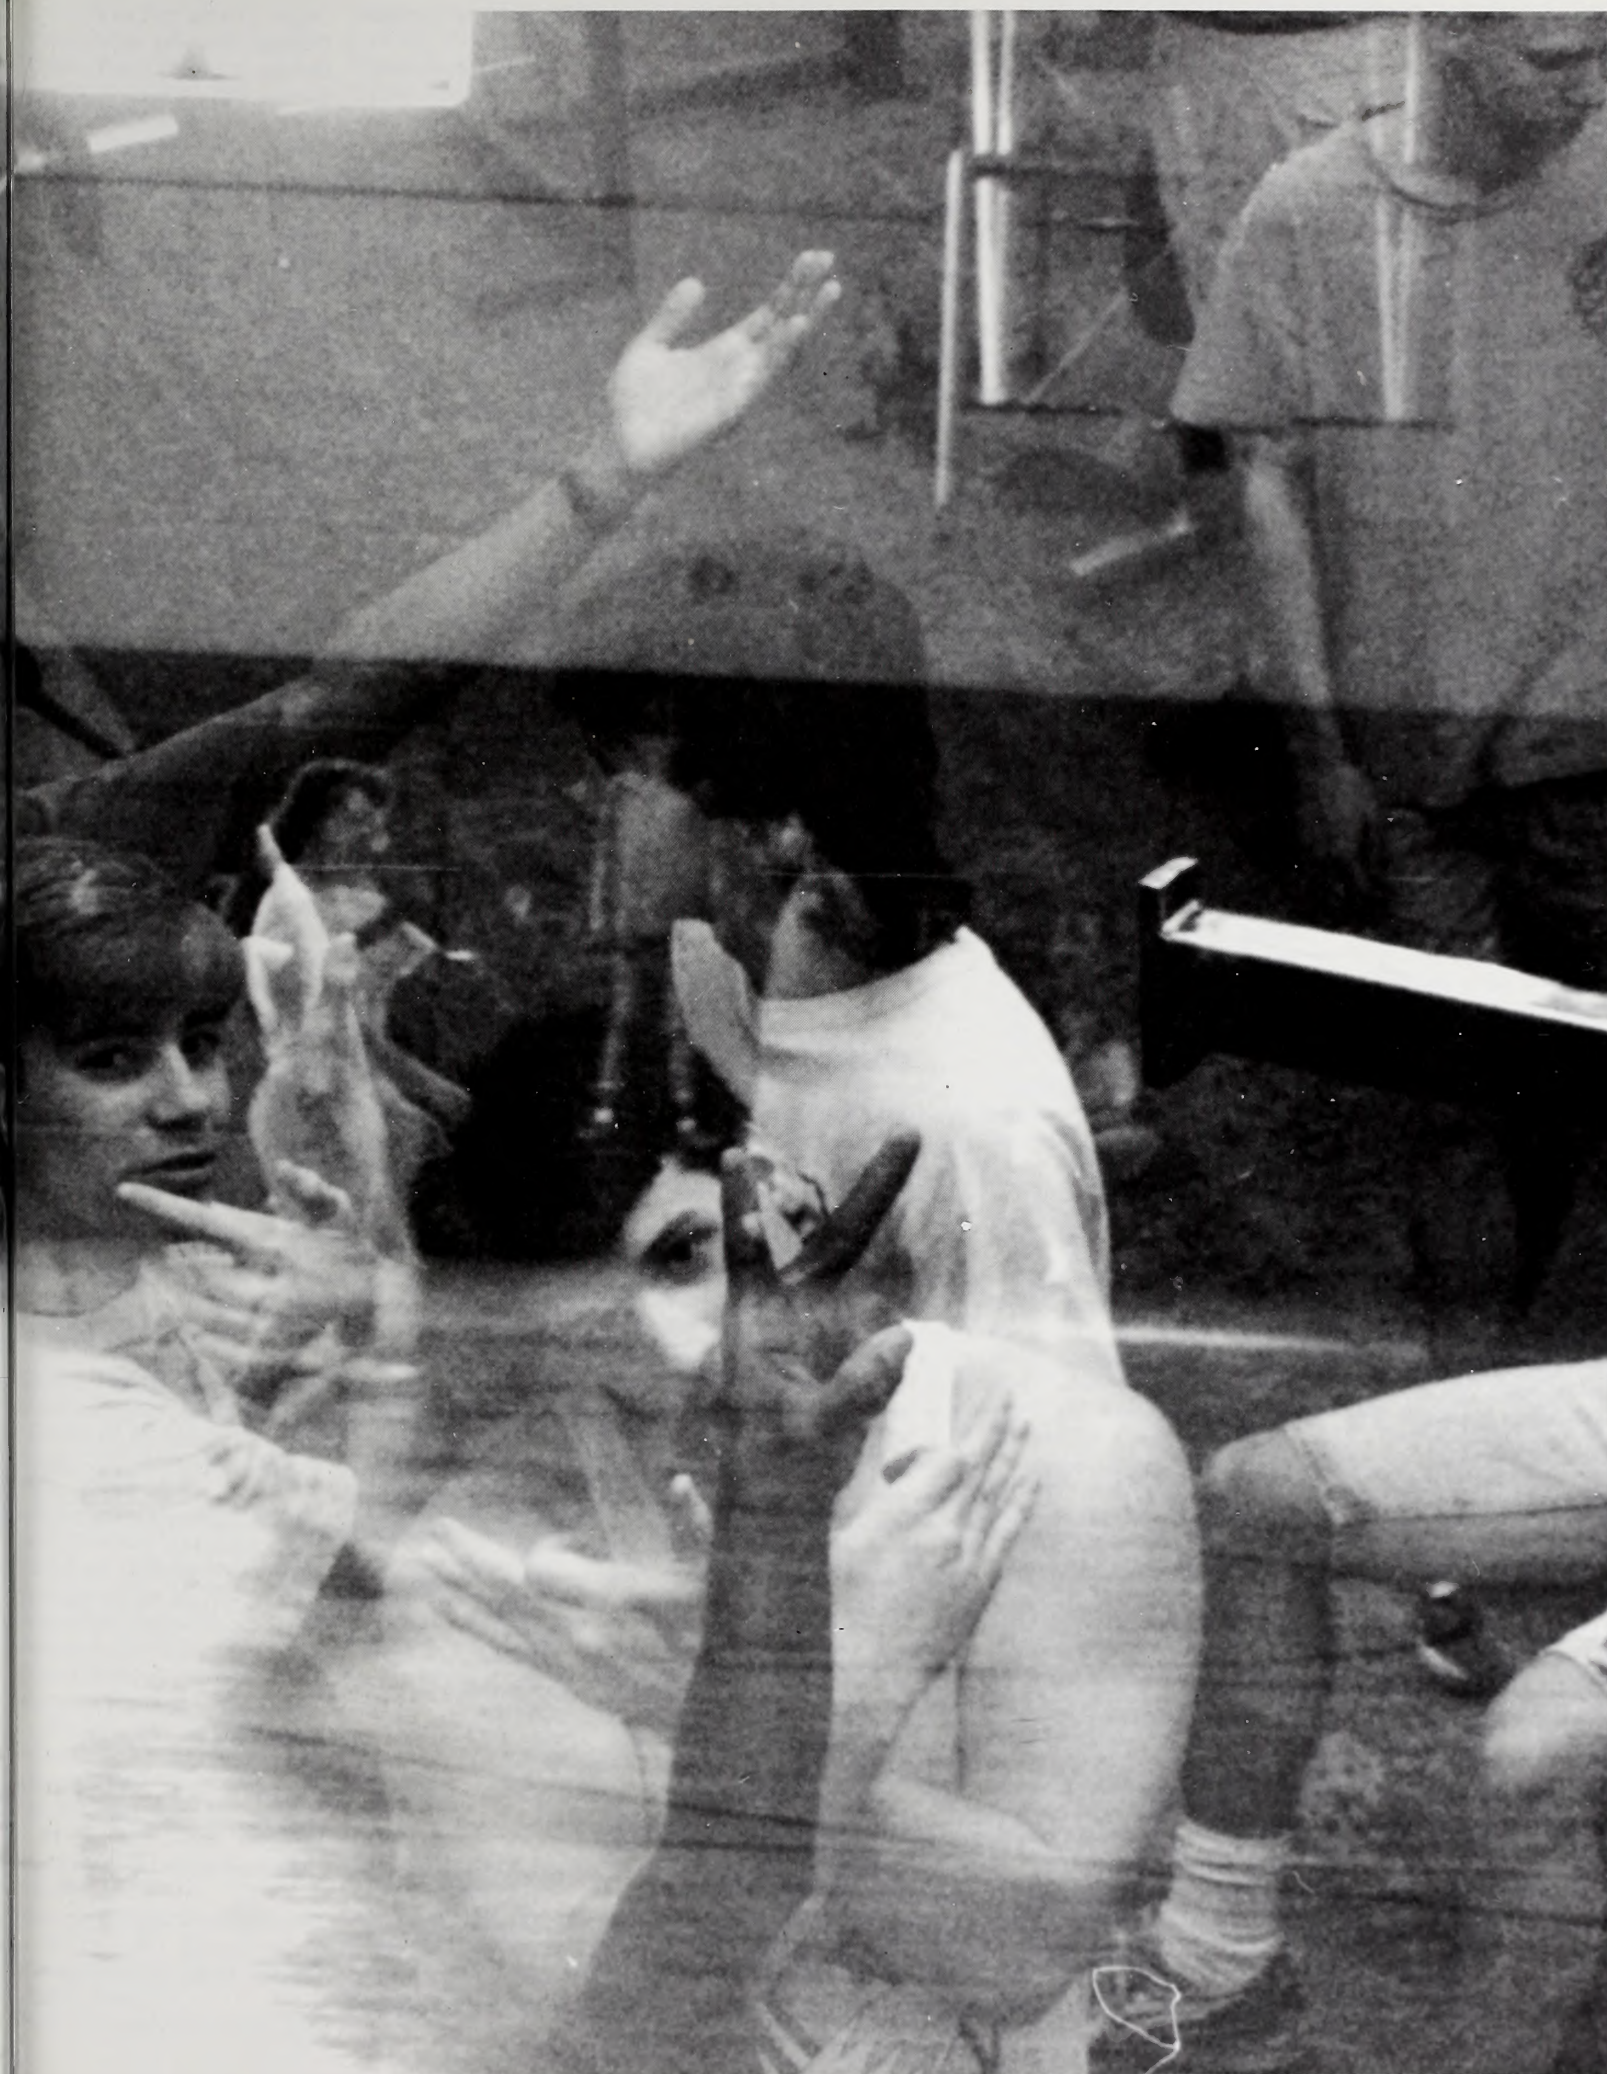

*Not letting anyone stop our dreams,  
Experiencing our best times together as a team.*

*The day we have all longed for has finally come.  
Now our lives won't be the same,*

*For dreams we know can come true. We can,  
JUST DO IT, without anyone stopping us.*

*Original poem by  
Stephanie Wright*

# Hilltopper

This year's yearbook staff acquired a lot of new students. Only five previous members signed up for this year. Miss Shirley Smith returned after taking over in the middle of the year last year and remained with the staff throughout the year.

Two pages that particularly interested the staff were added to the book this year — a page of senior baby pictures and a "Funky Spirit" page.

Awards were added for students who had served on the staff for at least two years. The awards went to Elizabeth Deeter, Marianne Hickrod, Tracy Kord, Denise Price, Christina Smith, and Christopher Whaley.

Above Left: Rachel Stuck, Chris Whaley, and Tracy Tolin are too busy to have their pictures snapped for the yearbook.

Above Middle: Steve Sutherland assists Tracy Tolin with her Sophomore section, mostly giving advice.

Middle Right: Marianne Hickrod gets ready to take others pictures while she is getting her's taken.

Right: Tamara Terry and Christina Smith are observing the varsity basketball team for pictures.

Opposite Page Left: Charles Moore usually is busy working on cropping pictures and drawing layouts for the yearbook; the bell hasn't rung yet.

Top: Hilltopper Staff (Left to Right): Front Row: David VanSell, Amy Cook, Christopher Whaley, Elizabeth Deeter, Paul Pritchard. Back Row: Michelle Nalley, Tonya Smith, Kim Mertz, Tracy Kord, Robyn Lucas.

Above: The fifth period yearbook staff work together to write captions— five heads are better than one, usually.

Right: Amy Cook and Elizabeth Deeter discuss copy for the yearbook.

## Howe Prepares for Wars, Future . . .

The Junior Reserve Officers' Training Program at Howe High School is one of the best in Indianapolis and has been for several years. The goal of the program is to motivate students to become better Americans. This is done by teaching students discipline, respect, and responsibility.

The program prepares students for responsible leadership roles while making them aware of their rights, responsibilities, and privileges as American citizens. It is a stimulus for promoting graduation from high school and provides instruction and rewarding opportunities that will benefit the student.

JROTC encompasses both classroom instruction and extra-curricular activities. Two of these activities are the Rifle Team and the Color Guard. The Rifle Team competes in matches with other city schools and in meets throughout the state. The Color Guard presents the National Colors at varsity athletic events, graduation, and community functions. Other activities which students can join without being enrolled in JROTC are the girls and boys drill teams. Last year the Howe Girls Drill Team finished first in city competition and the Rifle Team finished third.

The JROTC program also offers the student the chance to investigate further educational opportunities. Information on college scholarships, both civilian and military, is included in the curriculum.

JROTC is an educational, challenging but fun class. Students that have chosen to join this proud organization will make a significant investment in their future.
